JFK, U.S. Steel Head Meet

AF Captain Found Guilty Of Betraying U.S. Secrets

Sentence To Be Passed Today; Could Get Life

WIESBADEN, Germany (UPI)—An eight-man military court on Tuesday convicted U.S. Air Force Capt. Joseph P. Kauffman, 43, of passing defense secrets to the East German Communists.

The court rejected the defense contention that he was an innocent dupe trapped by circumstances and his own stupidity.

Sentence will be passed Wednesday. Kauffman faces a possible life term in prison. The conviction and sentence will be subject to review by higher military authorities.

Kauffman was convicted of passing information to East Germany and agreeing to work for the Communists while in East Berlin in the fall of 1960.

Not Traitor, Defense Says

In his final summation Tuesday, defense attorney George H. Latimer, a civilian from Salt Lake City, said Kauffman used bad judgment but was not a traitor and gave the Communists no secrets.

Latimer termed the star prosecution witness, Guenter Maennel, an East German Communist agent who defected to the West, a "pathological liar, a traitor who came here with the trappings of a Hollywood actor who changed his story each time he told it."

Kauffman admitted Monday he went drinking and dancing with East German Communists but denied they discussed any military matters.

Convicted On Four Counts

Specifically Kauffman was convicted on four counts:

—Conspiring to give national defense information to East Germany, knowing it would go to the Soviet Union.

—Failing to report contact with East German intelligence agents in 1960 to his Air Force superiors.

—Agreeing to act as their agent and promising to return to East Berlin next year for four weeks training in espionage.

—Providing East Germany with information on the missions, strength and other details of Sonderstron Air Force Base in Greenland.

Kauffman was arrested in California last fall and brought to Germany for the court martial. He is a bachelor and a native of Rutland, Vt.

'Gouging' Is Denied By Western Electric

Senators Clash At Profits Probe

WASHINGTON (AP)—Senators clashed and figures flew Tuesday as a Western Electric Co. executive defended the profits his company collected from the government in a $1.55-billion series of Nike missile contracts.

C. Raymond Smith, a Western Electric vice president, said, "We emphatically deny" charging excessive profits for work done by subcontractors.

"We earned these profits ourselves," Smith said. "Not one penny of them is a profit taken for the work of others."

Smith took the stand after counsel for the Senate Investigations subcommittee sought to show with an array of charts that Western Electric's profits figured out to 31.3 per cent on the basis of work done by its own plants.

Robert E. Dunne, assistant subcommittee counsel, said the company's own production work on 17 Nike contracts totaling $1.55 billion amounted to $359.3 million.

He said the company collected profits of $112.2 million on the 17 contracts, or 31.3 per cent. The rest of the work was done by Douglas Aircraft Co. and other subcontractors, Dunne said, and they routed their bills to the Army through Western Electric.

Subcommittee investigators contended Douglas Aircraft, as principal subcontractor, showed a profit of 44.3 per cent on the basis of its actual contribution to the final product. Douglas officials denied last week that they had received excessive profits.

Dunne's way of figuring brought a heated objection from Sen. Carl T. Curtis, R-Neb., who declared, "I agree that maybe the totals on the adding machine slips were corrected but not the figures that went into the adding machine."

Chairman John L. McClellan, D-Ark., turned on Curtis with a suggestion that he "take a pencil and make another calculation" if he wished.

"On the basis of Douglas' $102-million profit, the profit on Douglas' own efforts was 44.3 per cent," McClellan said.

"That isn't the fact," Curtis snapped.

"That is the fact," McClellan barked.

Explosions Rip Plant; 29 Hurt

BRANDENBURG, Ky. (AP) — Four explosions tore through the Olin Mathieson Chemical Corp. Tuesday, leaving behind 29 injured and several million dollars' damage.

The ear-shattering blasts, heard and felt more than 30 miles away, destroyed or damaged 10 buildings. Some were caved in by the impact; others were scorched and twisted out of shape by fires that broke out.

The explosions ended an accident-free record which started when the $40-million plant was built near this Ohio River community 11 years ago.

Nineteen men were sent to hospitals at Elizabethtown and the others sent home after treatment for cuts and bruises.

"I thought it was the end of the world," said Shirley Wilson, one of 53 employes on duty when the first 10,000-gallon tank of ethylene oxide went up with a roar.

Wilson, knocked off his feet twice by the concussions, placed the time at 5:10 a.m. because his watch stopped at that moment.

Ethylene oxide is used in making such things as antifreeze.

Army Refuses To Clear Speech By Walker Aide

WASHINGTON (AP) — The Army said Tuesday it has refused clearance of a proposed speech to the Daughters of the American Revolution by a former aide to former Maj. Gen. Edwin A. Walker "for reasons of impropriety."

The officer, Maj. Arch E. Roberts now stationed at Ft. Lee, Va., had been invited to speak Thursday night on a program that includes a discussion of censorship of the military. A resolution against such censorship was introduced in session of the DAR Continental Congress here.

Walker has been a central figure in the Senate investigation of charges by Sen. Strom Thurmond, D-S.C., that the military has been muzzled and that troop indoctrination on communism has been soft.

After word of the rejection of Roberts' speech, Thurmond asked Stennis to have the subcommittee look into the incident.

Walker resigned after a Pentagon investigation of his pro-blue troop indoctrination program.

Roberts claims to have been a principal author of the pro-blue program and says he was invited to speak for that reason.

Housing Boom Resumed; Income Hits New Peak

WASHINGTON (AP) — The government reported Tuesday a sharp March pickup in home building, which had been weak throughout the winter, and a rise in personal income to a new record.

Corporate profits figures for the October-December quarter of 1961 also were released. These set a new high—$52.1 billion at a seasonably adjusted annual rate.

The Census Bureau calculated March housing starts at an annual rate of 1.4 million—up 23 per cent from the February level of 1.15 million. This meant that home building, which had been declining steadily for four months, was back at the peak 1961 level.

Some government experts said they expected the rate of private housing starts to reach 1.5 million by midsummer and total about 1.4 million for the entire year.

Personal income, on an annual basis, jumped by $2 billion over February to a record $435.3 billion. Of the total gain, $1.2 billion was in wage and salary payments, notably in the auto and apparel industries.

A third economic report, issued by the Commerce Department, showed before-tax corporate profits at a fourth quarter annual rate $12 million above the recession low recorded in the first three months of 1961.

After-tax profits in the fourth quarter were put at $26.5 billion —up $6.5 billion from the first quarter low.

For all of 1961, profits were estimated at $46.2 billion before taxes and $23.3 billion after taxes. These figures compared with $45.1 billion and $22.7 billion in 1960.

Commandos Of OAS Kill 20 Moslems

Other Terrorists Blow Up Algiers Newspaper Office

ALGIERS (UPI) — Motorized commandos of the Secret Army Organization (OAS invaded an Oran suburb Tuesday and killed at least 20 Moslems with grenades and submachinegun fire. It was the first major European-Moslem clash since the March 19 ceasefire.

Infuriated Moslems lynched a European and sacked a European restaurant in adjoining suburbs. In reprisal for the OAS invasion, they attacked passing European cars with iron bars and stones, wounding at least six Europeans.

The clash in Oran and other violence throughout Algeria killed 49 persons and wounded 22 others, raising the unofficial casualty toll since the first of the year to 3,733 dead and 8,024 injured.

In Algiers, other OAS commandos blew up a leading newspaper office in the heart of the city with a 25-pound charge of plastic explosive. There were no casualties.

In Algiers Tuesday, OAS commandos seized $64,000 in two spectacular post office robberies in downtown Algiers.

The Journal d'Alger bombing was one of a series of plastic bomb attacks in Algiers Tuesday.

A gang of five OAS commandos seized brief control of the newspaper building during the lunch period to set off the massive charge. They disarmed two city policemen guarding the building and ordered out those employes who had not left for lunch. The OAS group escaped seconds before the blast rocked the building.

Federal Work Denied Firms With Job Bias

WASHINGTON (AP)—President Kennedy's Committee on Equal Employment Opportunity banned two firms from being awarded further government business until they correct questioned racial policies.

The action is the toughest taken so far by the committee in enforcing Kennedy's executive order requiring no job bias by government contractors. Similar action is being considered against other companies, it was stated.

The firms named in an order Tuesday by Asst. Secretary of Labor Jerry R. Holleman, executive vice chairman of the committee, are Danly Machine Specialists, Inc., Cicero, Ill.; and Comet Rice Mills, with plants at Houston and Beaumont, Tex.; Stuttgart, Ark.; and New Orleans, La.

Holleman said preliminary investigations of complaints against both companies indicated reasonable doubt of compliance with Kennedy's equal opportunity order.

Accordingly, the committee has instructed all government contracting agencies not to award the two firms any further U.S. contracts until they are cleared through special compliance re-reviews. Danly Machine has been a Navy supplier, while Comet Mills has sold rice to various agencies.

The committee said the complaints against the Comet firm were that it discriminated against Negroes in promotions, paid Negroes systematically less than white employes and maintained segregated washrooms and other employe facilities.

The nature of the complaint against the Danly firm, the committee said, was hiring discrimination against Negroes.

Airliner Skids Mile In Crash-Landing

VANDENBERG AFB, Calif. (UPI)—A crippled Pacific Airlines plane with 41 persons aboard made a successful crash-landing Tuesday, skidding on its belly more than a mile along a foam-covered runway.

None of the 38 passengers and 3 crew members of the Martin 404 twin-engine airliner en route from San Francisco to Los Angeles was injured, the Air Force said. The passengers cheered as the plane skidded to a stop.

Appeal For Forgiveness

Woman Kneels Before Prelate, Begs Mercy

NEW ORLEANS, La. (AP)—On her knees, a woman excommunicated in a segregation dispute begged the mercy and forgiveness of the Roman Catholic archbishop of New Orleans Tuesday. But she said, "I didn't back down on my stand, even after he refused to bless me."

Mrs. B. J. Gaillot, 41, one of three excommunicated Monday by Archibishop Joseph Francis Rummel, appeared at the archbishop's residence at midmorning.

The 85-year-old prelate was leading a group of women pilgrims in a prayer on the lawn in front of his residence. They knelt before a tall white statue of Our Lady of Fatima.

"I begged for his forgiveness," she said, "on my knees I begged his forgiveness, but Satan intervened and he would not listen to me."

The archbishop's order also excommunicated political leader Leander Perez Sr., of nearby St. Bernard and Plaquemines parishes, and Jackson B. Ricau, executive of the White Citizens Council. The order said they hindered his order to desegregate parochial schools next fall and incited other Catholics to disobedience.

Two of the women in the pilgrimage group grabbed Mrs. Gaillot and tried to prevent her from reaching the archbishop, but she broke free from them and fell on her knees before the prelate.

"I beg your mercy, Your Excellency," she said. "I am not apologizing. Look up to heaven and admit you know it's God's law to segregate."

"Admit before God and yourself that you did not want to integrate," she said.

A woman close to Archbishop Rummel interrupted her, Mrs. Gaillot said, but she implored him: "Don't listen to Satan, listen to God. Look at me, Your Excellency. I am on my knees before you. Listen to God."

"May God have mercy on you," she said as she rose from her knees. "I'm not backing down."

"He didn't have time to answer me," she told a newsman. "The ladies started the rosary and I felt in my heart to interrupt the prayers would be wrong."

James Clark, Demo Power In Pa., Dies

PHILADELPHIA Pa. (AP) — James P. Clark, 62, millionaire sportsman and trucking operator and long a power in the Democratic party in Pennsylvania, died Tuesday of a stroke.

Clark, who started with a second-hand truck and went on to make a fortune, died in his sleep at his penthouse apartment. His wife, Margaret, unable to rouse him, called the family physician.

Clark held two titles with Philadelphia's Democratic organization. He was treasurer of the party organization and finance chairman of the special campaign committee.

Secrecy Cloaks Satellite Launch At Vandenberg

VANDENBERG AFB, Calif. (UPI)—The Air Force Tuesday launched a satellite toward polar orbit, but cloaked all details under heavy secrecy.

The Air Force declined to say whether the satellite was a Discoverer or "sky spy" vehicle, under its new policy restricting information on military space shots.

Report Berlin Talks Fruitful Echoed By U.S.

WASHINGTON (AP) —A U.S. spokesman went along Tuesday with the Russians ambassador's description of the first new Berlin talks as fruitful and businesslike.

State Department press officer Lincoln White gave this backing to Soviet Ambassador Anatoly F. Dobrynin's report after Monday's one-hour meeting with Secretary of State Dean Rusk inaugurating a new round of U.S.-Soviet discussions on the Berlin crisis.

White said further that:

1. "No new ground was broken" at the meeting nor had Rusk expected to. Rather, the U.S. and Soviet representatives reviewed what Rusk and Soviet Foreign Minister Andrei A. Gromyko had discussed on Berlin during their Geneva meetings last month.

2. Much of the session was devoted to procedure — how, when and where to go ahead with future talks. On this no decision was reached. It is expected to be worked out when Dobrynin sees Rusk again within a few days.

3. The United States is contacting its allies to report on the initial round and receive any suggestions.

Kennedy On TV

WASHINGTON (UPI) — President Kennedy's news conference at 11 a.m. EST, Wednesday, will be carried "live" over radio and television, the White House said Tuesday.

Belgian-Dutch Stand Bolsters Britain's Hand

PARIS (AP)—Belgium and the Netherlands asked Tuesday for Britain's admission to the European Common Market as a condition for political integration of Western Europe.

The development, French sources disclosed, arose in a meeting of the six Common Market foreign ministers discussing plans for political union.

Both Paul-Henri Spaak of Belgium and Joseph Luns of the Netherlands served notice that their countries would not sign a treaty for political union until Britain has entered the Common Market, known formally as the European Economic Community. In effect, this was also a demand that Britain participate in negotiations for a political union.

Luns and Spaak said later the ministers made some progress on certain points of the projected political treaty. But they referred all questions to the French, who were acting as conference spokesmen.

French sources said Spaak made his position very clear. He said that, as long as Britain was outside the Common Market, Belgium would not sign a treaty on political union even if it conformed fully to Belgian views.

The Belgians and Dutch thus put new pressure behind Britain's application for Common Market membership. There are some Frenchmen who believe Brussels and the Hague are acting at Britain's request.

The move appeared to mean that neither Belgium nor the Netherlands, which have strong trade ties with Britain, intend to be submerged in a continental bloc dominated by France or by a French-West German combine.

All six ministers agreed that any treaty on political union should be submitted to London for comment.

The French, West German, Italian and Luxembourg ministers decided that all six should then sign the accord if Britain raised no important objections. But Spaak and Luns refused to go along.

Jets Zoom Over Havana On Invasion Anniversary

HAVANA (AP)—Prime Minister Fidel Castro's beefed up air force celebrated the first anniversary of the Bay of Pigs invasion Tuesday with the clatter of heavy helicopters and the sonic boom of Soviet-designed MIG 19 jets flying over Havana.

The air force, credited with a big share in stalling the invaders, had only a few British Sea Furies and American T33 jet trainers ready for action a year ago.

Now the Castro regime has a powerful young air force equipped with sweptwing jets capable of breaking the sound barrier at level flight.

In an anniversary statement, Castro said the outcome of the invasion was the "first great and historical defeat' of imperialism in the Western Hemisphere.

Havana newspapers treated as a fitting anniversary present the killing of Osvaldo Ramirez Garcia who is reported to have led a guerrilla band in the Escambray Mountains of Las Villas Province since 1959.

Havana radio said Ramirez was surrounded by troops at a place called El Mamon and was killed Monday when he attempted to slip out of the net.

"El Congo" Pacheco, his lieutenant, was wounded at another place in the mountains and was captured, the radio said. Few details were given.

Havana radio, however, described the death of the guerrilla chieftain and the capture of his aide as a serious blow to agents of the U.S. Central Intelligence Agency, which it said helped plan the 1961 invasion.

Conference Is Described As 'Cordial'

Unannounced Talk Effort To Clear Air After Price Clash

WASHINGTON (AP)—Roger M. Blough, chairman of U.S. Steel Corp., spent 45 minutes with President Kennedy at the White House Tuesday night in what was pictured as an effort to clear the atmosphere after their head-on clash last week.

The purpose of the unannounced talk was given by White House officials.

The only official comment came from assistant press secretary Andrew T. Hatcher. All he said was that the meeting was cordial and useful.

Blough's visit followed by exactly one week another unheralded call on the President to break the news that U.S. Steel was going to increase its prices $6 a ton.

Many of the larger steelmakers followed the lead of U.S. Steel but rescinded the increase under pressure from Kennedy and other administration officials.

No Details Provided

Blough left the White House without seeing newsmen.

Hatcher provided no details as to the nature of the discussion.

Other White House officials said they understood the possibility of another meeting between Blough and the President was brought up when Secretary of Labor Arthur J. Goldberg met with Blough in New York last Friday. Both Goldberg and Blough reportedly thought such a meeting might be helpful in clearing the atmosphere.

Some officials interpreted the meeting as an indication that Kennedy hoped to maintain "responsible and cordial' relations with business interests.

Earlier, a Republican congressman accused Secretary of Defense Robert S. McNamara of "an outright violation of the law in awarding a steel contract to Luken Steel Co. last Friday.

McNamara announced the award of the contract, worth $5 million to $6 million, at the height of the administration's counteroffensive against the increase in steel prices. Lukens did not join in the increase, which was later rescinded by all companies.

Investigation Demanded

Rep. Melvin R. Laird, R-Wis., said McNamara's action violated the laws covering competitive bidding in the procurement of defense material.

Rep. Gerald R. Ford, Jr., R-Mich., who brought up the subject of the Lukens contract during debate on the defense appropriation bill, called for a congressional investigation.

Senate hearing into steel industry pricing practices — probably will start in about six weeks, Sen. Estes Kefauver, D-Tenn., said.

The delay is necessary, Kefauver explained, because steel companies have 30 days to respond to subpoenas issued by his Senate Antitrust and Monopoly subcommittee for some steel company records.

Neutrals' Test Ban Bid Probed

GENEVA (AP) —The United States and Britain began probing Tuesday to determine whether a compromise proposal for suspension of nuclear weapons tests can be transformed into an enforceable treaty.

At the 17-nation general disarmament conference, U.S. Ambassador Arthur H. Dean and British Minister of State Joseph B. Godber asked a series of questions concerning the proposal advanced Monday by eight middle-group nations.

While the two Western delegates were seeking information, Soviet Deputy Foreign Minister Valerian A. Zorin avoided getting drawn into the discussion. Presumably he is awaiting instructions from Moscow.

Dean and Godber sought to determine whether the compromise contains any enforcement teeth. They asked if it will provide more than an inspection system that can operate only with the consent of a suspected power.

Speaking for the eight nonaligned countries, James Barrington of Burma said the questions advanced by Dean and Godber would be studied. He made no attempt to answer them at once.

ALGIERS (UPI) — Motorized commandos of the Secret Army Organization (OAS invaded an Oran suburb Tuesday and killed at least 20 Moslems with grenades and submachinegun fire. It was the first major European-Moslem clash since the March 19 cease-fire.

Infuriated Moslems lynched a European and sacked a European restaurant in adjoining suburbs. In reprisal for the OAS invasion, they attacked passing European cars with iron bars and stones, wounding at least six Europeans.

The clash in Oran and other violence throughout Algeria killed 49 persons and wounded 22 others, raising the unofficial casualty toll since the first of the year to 3,733 dead and 8,024 injured.

In Algiers, other OAS commandos blew up a leading newspaper office in the heart of the city with a 25-pound charge of plastic explosive. There were no casualties.

In Algiers Tuesday, OAS commandos seized $64,000 in two spectacular post office robberies in downtown Algiers.

The Journal d'Alger bombing was one of a series of plastic bomb attacks in Algiers Tuesday.

A gang of five OAS commandos seized brief control of the newspaper building during the lunch period to set off the massive charge. They disarmed two city policemen guarding the building and ordered out those employes who had not left for lunch. The OAS group escaped seconds before the blast rocked the building.

Federal Work Denied Firms With Job Bias

WASHINGTON (AP)—President Kennedy's Committee on Equal Employment Opportunity banned two firms from being awarded further government business until they correct questioned racial policies.

The action is the toughest taken so far by the committee in enforcing Kennedy's executive order requiring no job bias by government contractors. Similar action is being considered against other companies, it was stated.

The firms named in an order Tuesday by Asst. Secretary of Labor Jerry R. Holleman, executive vice chairman of the committee, are Danly Machine Specialists, Inc., Cicero, Ill.; and Comet Rice Mills, with plants at Houston and Beaumont, Tex.; Stuttgart, Ark.; and New Orleans, La.

Holleman said preliminary investigations of complaints against both companies indicated reasonable doubt of compliance with Kennedy's equal opportunity order.

Accordingly, the committee has instructed all government contracting agencies not to award the two firms any further U.S. contracts until they are cleared through special compliance rereviews. Danly Machine has been a Navy supplier, while Comet Mills has sold rice to various agencies.

The committee said the complaints against the Comet firm were that it discriminated against Negroes in promotions, paid Negroes systematically less than white employes and maintained segregated washrooms and other employe facilities.

The nature of the complaint against the Danly firm, the committee said, was hiring discrimination against Negroes.

Airliner Skids Mile In Crash-Landing

VANDENBERG AFB, Calif. (UPI)—A crippled Pacific Airlines plane with 41 persons aboard made a successful crash-landing Tuesday, skidding on its belly more than a mile along a foam-covered runway.

None of the 38 passengers and 3 crew members of the Martin 404 twin-engine airliner en route from San Francisco to Los Angeles was injured, the Air Force said. The passengers cheered as the plane skidded to a stop.

HOLLYWOOD (UPI) — Silent screen star Louise Fazenda, wife of producer Hal Wallis, died Tuesday of a cerebral hemmorhage at her Beverly Hills home. She was 66 years old.

Appeal For Forgiveness

Mrs. B. J. Gaillot, Jr., excommunicated with two other persons Monday in a segregation row, kneels before Roman Catholic Archbishop Joseph Francis Rummel of New Orleans yesterday and begs his mercy. Woman Kneels Before Prelate, Begs Mercy

NEW ORLEANS, La. (AP)—On her knees, a woman excommunicated in a segregation dispute begged the mercy and forgiveness of the Roman Catholic archbishop of New Orleans Tuesday. But she said, "I didn't back down on my stand, even after he refused to bless me."

Mrs. B. J. Gaillot, 41, one of three excommunicated Monday by Archibishop Joseph Francis Rummel, appeared at the archbishop's residence at midmorning.

The 85-year-old prelate was leading a group of women pilgrims in a prayer on the lawn in front of his residence. They knelt before a tall white statue of Our Lady of Fatima.

"I begged for his forgiveness," she said, "on my knees I begged his forgiveness, but Satan intervened and he would not listen to me."

The archbishop's order also excommunicated political leader Leander Perez Sr., of nearby St. Bernard and Plaquemines parishes, and Jackson B. Ricau, executive of the White Citizens Council. The order said they hindered his order to desegregate parochial schools next fall and incited other Catholics to disobedience.

Two of the women in the pilgrimage group grabbed Mrs. Gaillot and tried to prevent her from reaching the archbishop, but she broke free from them and fell on her knees before the prelate.

"I beg your mercy, Your Excellency," she said. "I am not apologizing. Look up to heaven and admit you know it's God's law to segregate."

"Admit before God and yourself that you did not want to integrate," she said.

A woman close to Archbishop Rummel interrupted her, Mrs. Gaillot said, but she implored him: "Don't listen to Satan, listen to God. Look at me, Your Excellency. I am on my knees before you. Listen to God."

"May God have mercy on you," she said as she rose from her knees. "I'm not backing down."

"He didn't have time to answer me," she told a newsman. "The ladies started the rosary and I felt in my heart to interrupt the prayers would be wrong."

Clark held two titles with Philadelphia's Democratic organization. He was treasurer of the party organization and finance chairman of the special campaign committee.

Secrecy Cloaks Satellite Launch At Vandenberg

VANDENBERG AFB, Calif. (UPI)—The Air Force Tuesday launched a satellite toward polar orbit, but cloaked all details under heavy secrecy.

The Air Force declined to say whether the satellite was a Discoverer or "sky spy" vehicle, under its new policy restricting information on military space shots.

Report Berlin Talks Fruitful Echoed By U.S.

WASHINGTON (AP) —A U.S. spokesman went along Tuesday with the Russians ambassador's description of the first new Berlin talks as fruitful and businesslike.

State Department press officer Lincoln White gave this backing to Soviet Ambassador Anatoly F. Dobrynin's report after Monday's one-hour meeting with Secretary of State Dean Rusk inaugurating a new round of U.S.-Soviet discussions on the Berlin crisis.

White said further that:

1. "No new ground was broken" at the meeting nor had Rusk expected to. Rather, the U.S. and Soviet representatives reviewed what Rusk and Soviet Foreign Minister Andrei A. Gromyko had discussed on Berlin during their Geneva meetings last month.

2. Much of the session was devoted to procedure — how, when and where to go ahead with future talks. On this no decision was reached. It is expected to be worked out when Dobrynin sees Rusk again within a few days.

3. The United States is contacting its allies to report on the initial round and receive any suggestions.

Kennedy On TV

WASHINGTON (UPI) — President Kennedy's news conference at 11 a.m. EST, Wednesday, will be carried "live" over radio and television, the White House said Tuesday.

Belgian-Dutch Stand Bolsters Britain's Hand

PARIS (AP)—Belgium and the Netherlands asked Tuesday for Britain's admission to the European Common Market as a condition for political integration of Western Europe.

The development, French sources disclosed, arose in a meeting of the six Common Market foreign ministers discussing plans for political union.

Both Paul-Henri Spaak of Belgium and Joseph Luns of the Netherlands served notice that their countries would not sign a treaty for political union until Britain has entered the Common Market, known formally as the European Economic Community. In effect, this was also a demand that Britain participate in negotiations for a political union.

Luns and Spaak said later the ministers made some progress on certain points of the projected political treaty. But they referred all questions to the French, who were acting as conference spokesmen.

French sources said Spaak made his position very clear. He said that, as long as Britain was outside the Common Market, Belgium would not sign a treaty on political union even if it conformed fully to Belgian views.

The Belgians and Dutch thus put new pressure behind Britain's application for Common Market membership. There are some Frenchmen who believe Brussels and the Hague are acting at Britain's request.

The move appeared to mean that neither Belgium nor the Netherlands, which have strong trade ties with Britain, intend to be submerged in a continental bloc dominated by France or by a French-West German combine.

All six ministers agreed that any treaty on political union should be submitted to London for comment.

The French, West German, Italian and Luxembourg ministers decided that all six should then sign the accord if Britain raised no important objections. But Spaak and Luns refused to go along.

Jets Zoom Over Havana On Invasion Anniversary

HAVANA (AP)—Prime Minister Fidel Castro's beefed up air force celebrated the first anniversary of the Bay of Pigs invasion Tuesday with the clatter of heavy helicopters and the sonic boom of Soviet-designed MIG 19 jets flying over Havana.

The air force, credited with a big share in stalling the invaders, had only a few British Sea Furies and American T33 jet trainers ready for action a year ago.

Now the Castro regime has a powerful young air force equipped with sweptwing jets capable of breaking the sound barrier at level flight.

In an anniversary statement, Castro said the outcome of the invasion was the "first great and historical defeat' of imperialism in the Western Hemisphere.

Havana newspapers treated as a fitting anniversary present the killing of Osvaldo Ramirez Garcia who is reported to have led a guerrilla band in the Escambray Mountains of Las Villas Province since 1959.

Havana radio said Ramirez was surrounded by troops at a place called El Mamon and was killed Monday when he attempted to slip out of the net.

"El Congo" Pacheco, his lieutenant, was wounded at another place in the mountains and was captured, the radio said. Few details were given.

Havana radio, however, described the death of the guerrilla chieftain and the capture of his aide as a serious blow to agents of the U.S. Central Intelligence Agency, which it said helped plan the 1961 invasion.

Neutrals' Test Ban Bid Probed

GENEVA (AP) —The United States and Britain began probing Tuesday to determine whether a compromise proposal for suspension of nuclear weapons tests can be transformed into an enforceable treaty.

At the 17-nation general disarmament conference, U.S. Ambassador Arthur H. Dean and British Minister of State Joseph B. Godber asked a series of questions concerning the proposal advanced Monday by eight middle-group nations.

While the two Western delegates were seeking information, Soviet Deputy Foreign Minister Valerian A. Zorin avoided getting drawn into the discussion. Presumably he is awaiting instructions from Moscow.

Dean and Godber sought to determine whether the compromise contains any enforcement teeth. They asked if it will provide more than an inspection system that can operate only with the consent of a suspected power.

Speaking for the eight nonaligned countries, James Barrington of Burma said the questions advanced by Dean and Godber would be studied. He made no attempt to answer them at once.

'Rocky' Urges GOP Unity

WASHINGTON (AP) — New York Gov. Nelson A. Rockefeller told the Republican party Tuesday to close ranks and unite conservatives and liberals in a drive for more big city votes in coming political battles.

Rockefeller, a top contender for the 1964 GOP presidential nomination, said the party's internal differences over who and what are liberal or conservative were a waste of time.

Republicans are on the move, he said, and there is a "feeling of confidence, a sense of motion and dynamism" borne out by recent elections, and it is no time for labels.

"We can do the best job for this country," he said.

Rockefeller spoke at a luncheon on the final day of the 10th annual conference of Republican women, attended by delegates from across the nation to talk strategy for the 1962 congressional elections.

Senate Republican leader Everett M. Dirksen of Illinois in an address at an earlier business session said the administration's fiscal policies and its agricultural and educational programs endanger freedom.

He cautioned that a deficit of $7 billion is expectable this year and a $4-billion shortage in the bookkeeping year beginning July 1.

Noah Webster began his preparation for his American dictionary of the Engish language in 1807 and published the book in 1828.

Stops Constipation Due to "Aging Colon"

New laxative discovery re-creates 3 essentials of normal regularity

As you grow older, the internal muscles of your colon wall also age, lose the strength that propels waste from the body. Stagnant bowel contents become so dry and shrunken that they fail to stimulate the urge to purge.

Relief, doctors say, lies in a new laxative principle. Old-style bulks and moisteners may create gas, take 3 or 4 days for relief. Old-style salts and drugs frequently cramp and gripe. Of all leading laxatives, only new COLONAID gives you its special 3-way relief that works only on the lower colon (area of constipation).

(1) COLONAID prevents the formation of dry, hardened waste for easy passage without pain or strain. (2) COLONAID's unique rebulking action helps retone flabby colon muscles. (3) And COLONAID acts gently on the nerve reflexes that stimulate the vital "mass movement" of your lower colon.

COLONAID relieves even chronic constipation overnight; is so gentle it was hospital proved safe even for expectant mothers. And COLONAID won't interfere with absorption of vitamins or other food nutrients. Get COLONAID today! INTRODUCTORY SIZE 43¢

Kidnap Victim Tells About Her 33-Hour Ordeal

SPRINGFIELD, N. J. (AP) — After eight hours sleep in her own bed, Mary Ann Soos talked Tuesday about a 33-hour nightmare with the former mental patient who is charged with kidnaping her.

Sitting beside her parents, Mary Ann said her first date with William Kuhlman began Saturday night in a Newark tavern where they went dancing.

"I feel asleep in the car after we left the place," the 20-year-old girl said. "When I woke up, he told me we were in Eastern Pennsylvania and said I couldn't go home, that he was going to marry me."

Her voice shaking, she said she told Kuhlman she would marry him to keep him from getting violent. "I didn't resist him and run away because I was afraid he might get violent."

Instead, Kuhlman, 21, wandered the roads in her car looking for the mental hospital at Sykesville, Md., where he had been committed after a suicide attempt two years ago.

When they stopped in a Philadelphia diner Sunday morning, she scrawled in lipstick on a bathroom mirror, "I am being kidnaped," setting off a search by FBI and police of 13 states.

The two spent Sunday night in the car outside a dormitory at the mental hospital. They had met at Overlook Hospital in Summit, N.J., where she was a volunteer receptionist and he was an orderly.

Kuhlman threatened her with surgical scissors and tried to molest her in the car, Mary Ann said, but didn't succeed.

The next morning he told her to go into the hospital and ask for a job. Instead she told a receptionist that she had been kidnaped.

New State Police Teletype System Put In Operation

PIKESVILLE, Md. (AP) — The Maryland State Police put into operation Tuesday one of the most modern teletype systems ever to be used by a police force.

A department spokesman said that with the new teletype, all State Police barracks and outposts throughout the state can be in almost immediate contact with each other, the Department of Motor Vehicles and the State Police Identification Division.

With the new system, general alarm messages now will be received by police stations in Baltimore and Washington as well as the Maryland State Police and state police in 15 other states.

Two Children Perish In Fire

ANNAPOLIS (AP) — Fire officials were unable to determine the cause of a fire which took the lives Tuesday of two young children.

Antoinette Charlotte Brown, 3½, and her brother, Alvin, 2, died when the blaze swept through a two-story frame apartment building about four miles northeast of Annapolis.

Harry W. Klasmeier, chief of the Anne Arundel County Fire Prevention Bureau, said the blaze started in a first floor kitchen, spread up an open stairwell and throughout the building.

He said other occupants of the apartment house escaped.

Mrs. Emma McEwen and her daughter, Mary Louise, 2, jumped from a second floor window. Their falls were broken by persons standing on the ground, one of whom was Mrs. Hilda Scott, an occupant of the rear first floor apartment.

James Jones, also a second floor occupant, jumped to the ground and was injured slightly. He was treated and released at Anne Arundel General Hospital.

Chief Klasmeier said the mother of the children, Mrs. Margaret Harris, was at the home of an aunt when the fire occurred. He said the home is less than a block away from her apartment.

Assembly Lobbyists Received $46,636

ANNAPOLIS (AP) — Lobbyists were paid more than $44,500 during the 1962 General Assembly in an effort to influence the passage of legislation in which they had an interest.

Five Men Injured In Boiler Blast

BALTIMORE (AP) — Five men were injured, none seriously, Tuesday when a boiler exploded during tests in a partially-completed laboratory at Eastern Stainless Steel Corporation.

Carl F. Schier Jr., industrial relations director for the firm, said the boiler was to have heated the metallurgic laboratory, a two-story concrete block structure to have been completed within three weeks.

Schier said one end of the boiler ruptured and tore away during the test, causing the injuries and minor damage to the building.

Injured in the blast and taken to St. Joseph's Hospital were John Spacek, 51; George Foss, 44; Albert Elliott, 49; Herbert Dilliger, 40, all of Baltimore, and Alexander McDowell, 30 , of Annapolis.

LaVale Asked To Extend Sewage Study

The LaVale Sanitary Commission has been notified by J. Byron Dowling, senior sanitarian, concerning a sewage problem, existing in one area of that community, which will have to be included in the engineering survey being made prior to a decision on a sewage disposal program.

Dowling said a condition that has been developing from broken sewer lines, septic tanks overflowing in some cases, some cases of homes having no septic tanks and sewage being dumped directly into Braddock Run.

It was pointed out that 70 to 80 homes are involved in the situation between West Avenue and the old Camp Ground Road section on the southerly side of U. S. Route 40. This is an engineering problem and must be taken care of by public sewer lines, Dowling said.

The condition was caused by high water from Braddock Run, which changed its course and various real estate developers placing fill dirt back into certain sections of the stream, Dowling stated. Property owners also have not been properly taking care of their sewage, he added.

Dowling said this section where health hazards are developing will have to be taken care of in plans for a sewer development program as present plans show that the trunk sewer line will go near and run along Braddock Run.

The information was sent to the LaVale Sanitary Commission so that action can be taken while the engineering firm is making its survey, Dowling said.

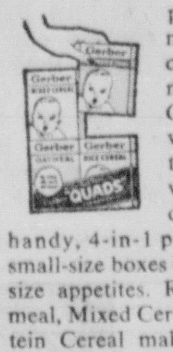
Bringing Up Baby®

HINTS COLLECTED BY MRS. DAN GERBER, MOTHER OF 5

At first new mothers are apt to think that almost every cry is a cry of hunger. (But they soon learn that babies cry for other things: air-bubble trouble, diaper discomfort, loneliness, etc.) How can you tell if baby's crying complaint *is* hunger? Well, you can't every time, but a pretty reliable guide is how much time has elapsed since the last feeding. If he was fed only an hour or so before, he may need a little extra bubbling or cuddling before he's ready for the sandman.

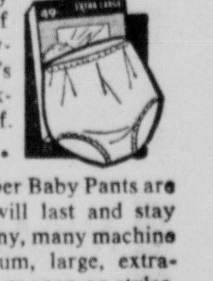
Solid story. Baby's first solid food is usually cereal, specially prepared to supply needed iron and other important nutrients. Gerber Cereal Quads provide the ideal way to introduce cereal variety to your darling. This handy, 4-in-1 package contains small-size boxes of cereal for pint-size appetites. Rice Cereal, Oatmeal, Mixed Cereal and High Protein Cereal make up the happy list of delicate flavors. All four are enriched with iron, calcium and important B-vitamins.



Success story. Early spoon feedings are usually more successful if you remember these tried-'n-true tips:

- Bird-size helpings are easier for baby to take. Place food well back on baby's tongue.
- Don't worry if more food goes out than in. The knack of swallowing has to be learned. (Gerber Cereals are extra-smooth and easy to swallow.)
- If you make the cereal mixture quite soupy at first, it will seem more like the formula baby's been used to.

Sitting pretty. Baby can comfortably visit on any lap without mishap. Gerber Baby Pants are made of satin-soft polyvinyl film that's waterproof, leakproof, acid-proof.



Important: Gerber Baby Pants are really rugged, will last and stay soft through many, many machine washings. Medium, large, extra-large, in pull-on or snap-on styles. Gerber Products Co., Fremont, Michigan.

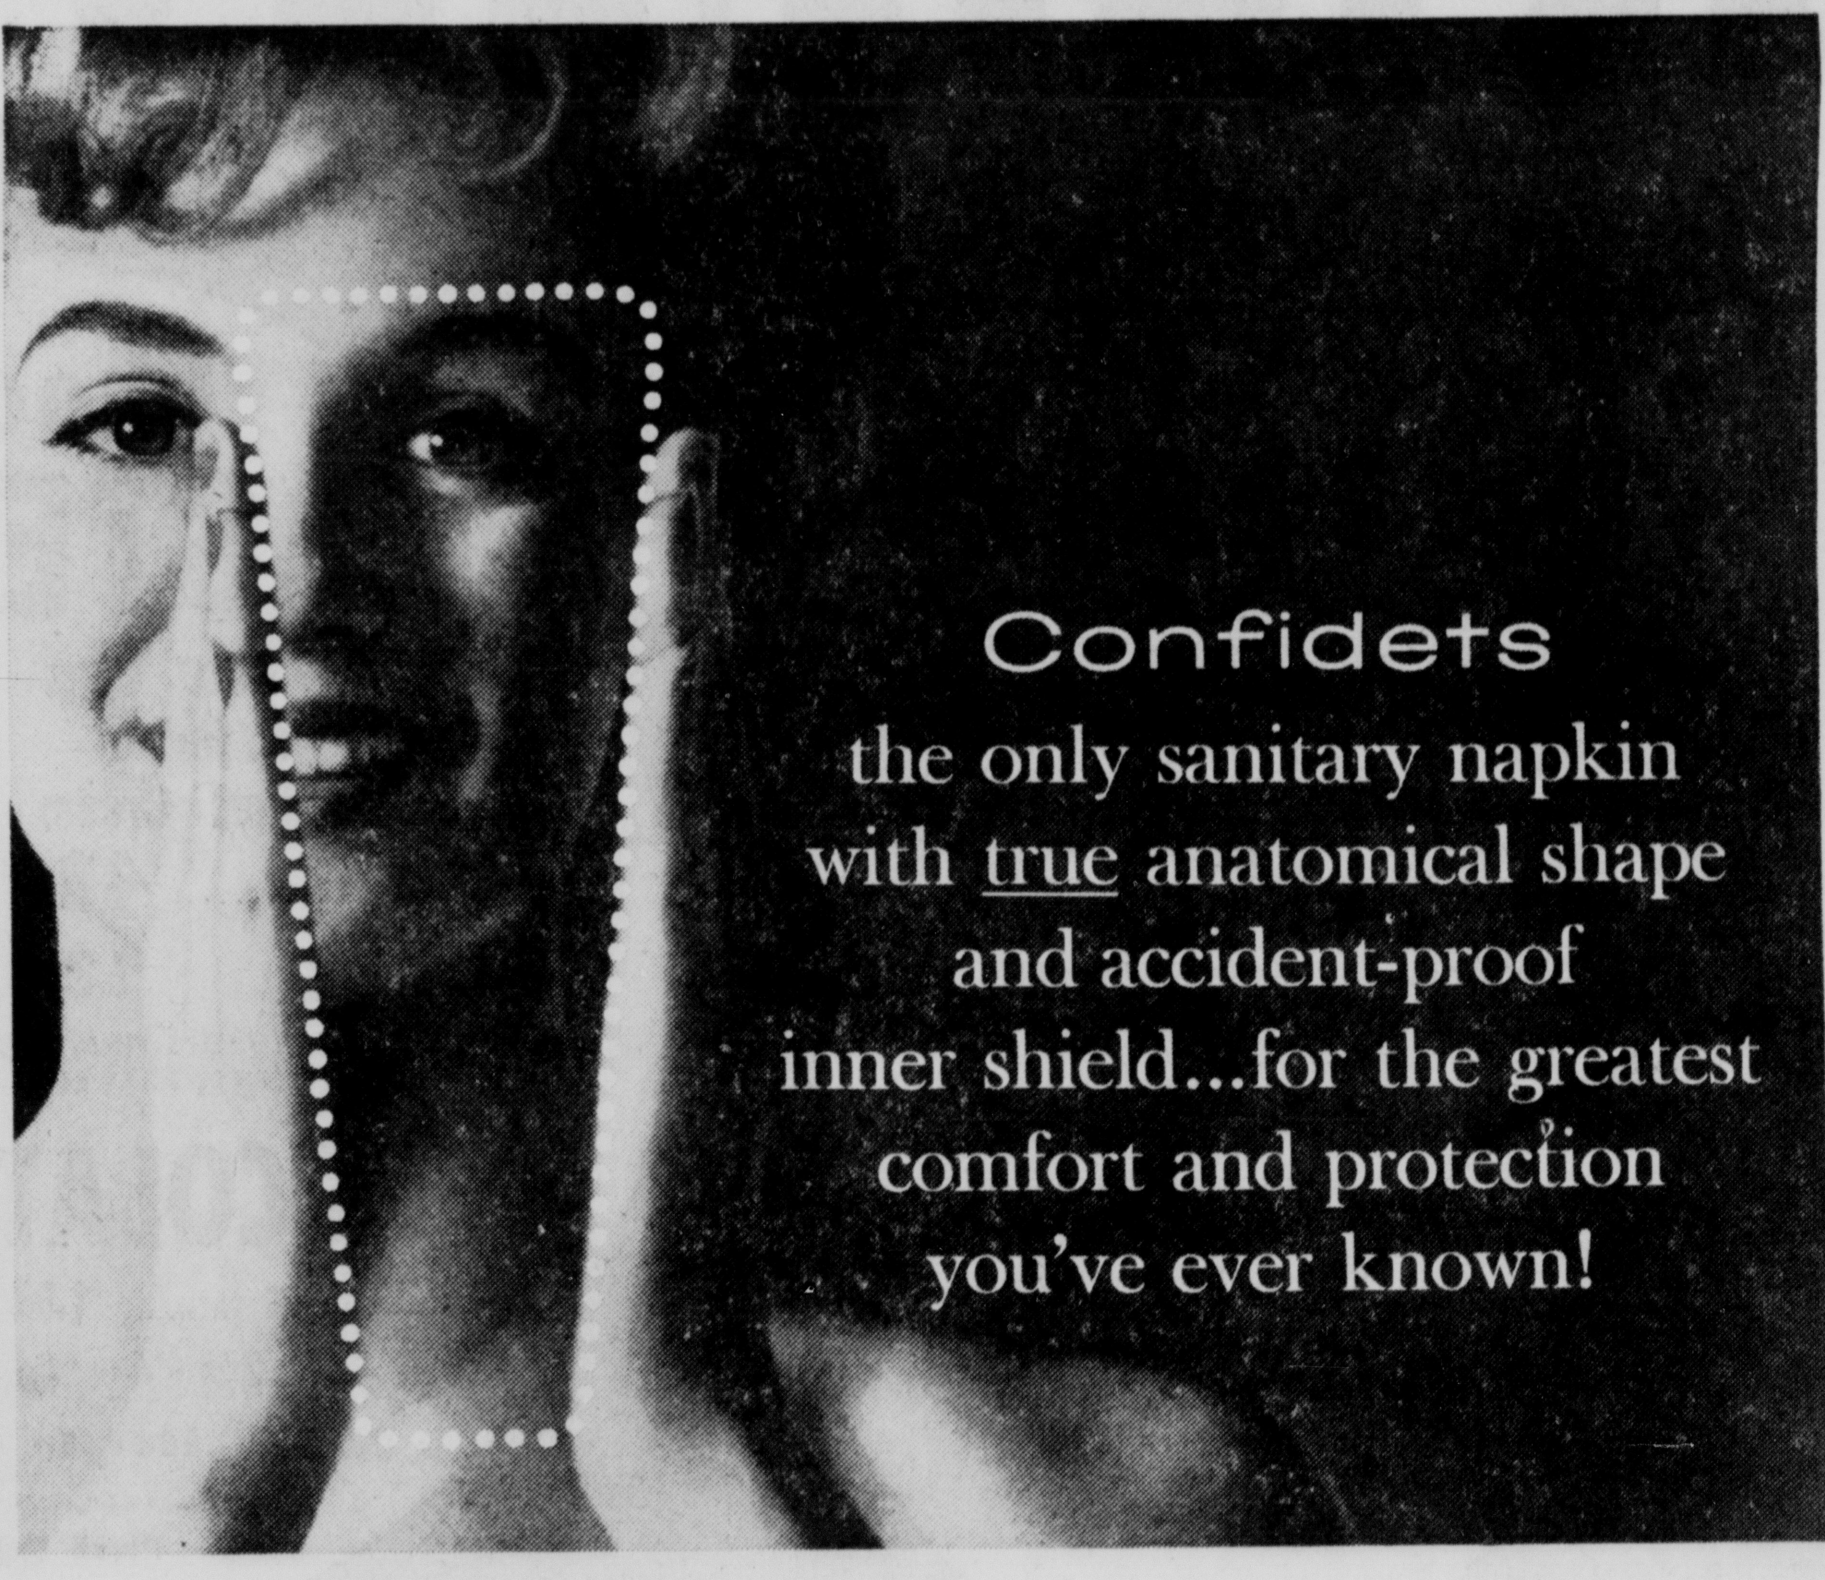
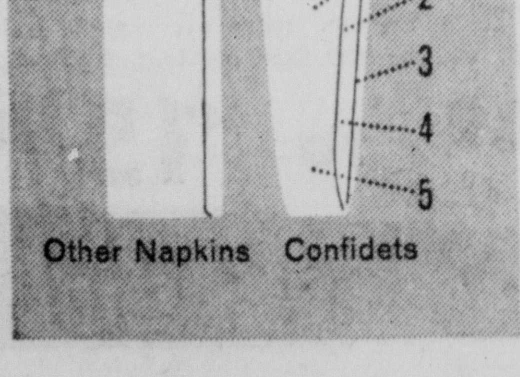
A NEW ACHIEVEMENT IN SANITARY PROTECTION!



Confidets
the only sanitary napkin with true anatomical shape and accident-proof inner shield...for the greatest comfort and protection you've ever known!

5 reasons why new Confidets make other leading sanitary napkins out-of-date, ill-fitting and inadequate...



1. Only true anatomical shape. Confidets® are the only sanitary napkin fully tapered and shaped to fit body contours. *Wide in front* for more protection—*narrow in back* for greater comfort—don't bunch or bulge. Confidets can be worn with any standard belt . . . fasten easily, fit securely.

2. Only one with proportioned depth for more protection. No other napkin has extra thickness in middle where greatest absorbency is needed. Protects like a super pad with less bulkiness than a junior size.

4. Only multi-layer filler with this unique arrangement. It holds 8 times its weight in moisture as proved by laboratory tests. The pure, fine quality materials absorb at maximum speed. *You're blissfully secure with Confidets!*

5. Exclusive ultra soft-strength cover. Only Confidets has a cover so comfortably soft against the skin yet has so much flexible strength in use. Try Confidets—developed and patented by Scott Paper Company.

Secrets Of Charm

by John Robert Powers

Memo: Tone The Muscles For Youthful Beauty

Nothing keeps a woman looking younger than keeping up her muscle tone!

If you allow your muscles to grow weak and slack, your figure will deteriorate and your flesh will sag. But why allow these sure signs of age to be posted on you, when they can be prevented so readily?

Here are some muscle toner-uppers that will keep you in a state of fine feminine trim.

Try this one for firming your face first: Press your lips together and blow out your cheeks with your breath. Hold for a count of ten. Now let your breath out very slowly and evenly between pursed lips. If you do it before an open window so much the better! Repeat ten times daily.

Second, and also best in front of the open window, bring your arms up to touch at shoulder level in front of you, palm down. Now fling them back as far as you can and slowly turn the palms upward as far as possible. Hold for count of five. Turn your palms down and return your arms to their starting position. Do this twenty times daily and your back, arms and chest will all benefit!

Stand with your feet and knees together, your weight on the balls of your feet and your knees relaxed. Make the muscles in your knees pull your kneecaps upward. You may not be able to do this at first, but with practice your kneecaps should move upward about an inch on command. Now, keeping the same position, make the muscles in your knees and upper leg pull your thighs in an outward and opposite direction. Do this as often as you can.

Ann Landers . . .

Answers Your Problems

DEAR ANN: I'm a woman in my 30's and have been separated from my husband for four years. (No children). A divorce is pending, but my husband is an onery polecat and he's doing everything in his power to slow things down in the hope I'll get discouraged and give up.

My family feels it is wrong for me to go out with single men. They say it doesn't look nice. I say a woman whose divorce is pending is not married and she should accept dates if she wants to.

I'm a moral person and am not doing anything wrong. All I want is good company. Sweating out a divorce is depressing enough without living like a recluse. Please give me your usual broad-minded advice so my family will get off my back. — FEELING VERY SINGLE

DEAR FEELING VERY SINGLE: Sorry, Toots, you're still plenty married.

A woman who values her reputation waits until she is legally unwound before she begins to step around.

DEAR ANN LANDERS: Our son who is 16 had some buddies over last Sunday afternoon. I smelled a peculiar odor — like a burning inner tube. It seemed to be coming from the recreation room where the boys were, so I went down to check.

I was shocked to see three of the 16-year-olds (my son was not one of them) smoking cigars. One kid looked a little blue around the gills.

I ordered the boys to put out the cigars at once. They seemed very embarrassed, put out the cigars and left shortly after.

My son is furious with me. He says the parents of these kids know they smoke cigars once in a while and don't mind. He further expressed the opinion that it is not my place to tell other people's kids what they can do or cannot do. What do you say?— "MRS. DICTATOR"

DEAR MRS.: I say you are right, Mother. If these 16-year-old kids are smoking cigars with the knowledge of their parents, let them smoke in their own homes. You are not only right— but the responsibility — to decide what will be permitted in your home.

DEAR ANN LANDERS: You're nuts. Your advice to the 29-year-old bachelor to "marry the girl— she's a gem" was ridiculous.

This 24-year-old dame admitted she was looking for security. She wanted to know what the guy had in the bank, what his credit rating was, and if had had any bad debts. As for HER credentials, she was bright, attractive, an excellent cook, housekeeper and laundress, but she wouldn't let him move into her place and prove it. Well, bully for her.

No man in his right mind would marry a woman so concerned with his financial status. You love a person, not a credit rating. Such a cold, mercenary female could not be a warm, loving companion. She's just an adding machine. — MPLS.

DEAR MPLS.: People get married for dumber reasons than Miss Adding Machine of 1962— and I hear from them all the time.

The women who write complain because the Great Lover or The Swell Dancer, is irresponsible, undependable and often alcoholic. The men who write complain because the Dresden doll can't cook, has no conception of how to handle money and is a general slob.

A woman who is warm and loving puts some of her warmth and love into making a house a home. A man who really cares gives his family security. So don't try to sell me on that claptrap about loving a person and not his credit rating. Often a credit rating is a pretty good clue to other things.

CONFIDENTIAL TO MUST KNOW: Unless your girl friend is a doctor I wouldn't take her medical advice. Go to your family physician at once. Your peace of mind is worth something, isn't it?

To learn the difference between a marriage that "settles down" and one that "gets dull," send for ANN LANDERS' booklet, "What To Expect From Marriage," enclosing with your request 20 cents in coin and a long, self-addressed stamped envelope.

Answers Your Problems

DEAR ANN: I'm a woman in my 30's and have been separated from my husband for four years. (No children). A divorce is pending, but my husband is an onery polecat and he's doing everything in his power to slow things down in the hope I'll get discouraged and give up.

My family feels it is wrong for me to go out with single men. They say it doesn't look nice. I say a woman whose divorce is pending is not married and she should accept dates if she wants to.

I'm a moral person and am not doing anything wrong. All I want is good company. Sweating out a divorce is depressing enough without living like a recluse. Please give me your usual broad-minded advice so my family will get off my back. — FEELING VERY SINGLE

DEAR FEELING VERY SINGLE: Sorry, Toots, you're still plenty married.

A woman who values her reputation waits until she is legally unwound before she begins to step around.

DEAR ANN LANDERS: Our son who is 16 had some buddies over last Sunday afternoon. I smelled a peculiar odor — like a burning inner tube. It seemed to be coming from the recreation room where the boys were, so I went down to check.

I was shocked to see three of the 16-year-olds (my son was not one of them) smoking cigars. One kid looked a little blue around the gills.

I ordered the boys to put out the cigars at once. They seemed very embarrassed, put out the cigars and left shortly after.

My son is furious with me. He says the parents of these kids know they smoke cigars once in a while and don't mind. He further expressed the opinion that it is not my place to tell other people's kids what they can do or cannot do. What do you say?— "MRS. DICTATOR"

DEAR MRS.: I say you are right, Mother. If these 16-year-old kids are smoking cigars with the knowledge of their parents, let them smoke in their own homes. You are not only right— but the responsibility — to decide what will be permitted in your home.

DEAR ANN LANDERS: You're nuts. Your advice to the 29-year-old bachelor to "marry the girl— she's a gem" was ridiculous.

This 24-year-old dame admitted she was looking for security. She wanted to know what the guy had in the bank, what his credit rating was, and if had had any bad debts. As for HER credentials, she was bright, attractive, an excellent cook, housekeeper and laundress, but she wouldn't let him move into her place and prove it. Well, bully for her.

No man in his right mind would marry a woman so concerned with his financial status. You love a person, not a credit rating. Such a cold, mercenary female could not be a warm, loving companion. She's just an adding machine. — MPLS.

DEAR MPLS.: People get married for dumber reasons than Miss Adding Machine of 1962— and I hear from them all the time.

The women who write complain because the Great Lover or The Swell Dancer, is irresponsible, undependable and often alcoholic. The men who write complain because the Dresden doll can't cook, has no conception of how to handle money and is a general slob.

A woman who is warm and loving puts some of her warmth and love into making a house a home. A man who really cares gives his family security. So don't try to sell me on that claptrap about loving a person and not his credit rating. Often a credit rating is a pretty good clue to other things.

CONFIDENTIAL TO MUST KNOW: Unless your girl friend is a doctor I wouldn't take her medical advice. Go to your family physician at once. Your peace of mind is worth something, isn't it?

Mineral County Cancer Crusade Is Completed

Total Expected To Top Last Year

KEYSER — The Mineral County Cancer Crusade came to a successful conclusion here Saturday night according to Mrs. Carol Landes, chairman, who said the success assures the local cancer control program will continue with new and increased strength.

Mrs. Landes said that preliminary reports from both the city and county indicate that this year's fund drive is certain to exceed the unit's goal. She viewed this as "a vote of public confidence in the fight against cancer."

She added: "The response to the ACS Crusade here and elsewhere in the U. S. shows that Americans everywhere want to put a speedy end to this disease which kills over 270,000 each year. It shows, too, that the Society's message of hope in the fight against cancer is hitting home."

Mrs. Landes said that more people in Keyser were reached with life-saving information about cancer than ever before. This is a tribute, she said, to the volunteers who conducted the educational and fund-raising drive.

Some 40 volunteers of the Iota Pi and Alpha Alpha Theta chapters of the Tau Phi Lambda Sorority, Supreme Forest Woodmen Circle and the Woodmen Circle Grove, were among more than two million cancer fighters across the nation. Local volunteers called on approximately 2,000 homes, to distribute vital cancer facts. "If people in these homes learn the facts about cancer and act on them, they would not be among the 87,000 Americans who will die of cancer this year because they saw their physicions too late," the chairman said.

She stressed that although the local Crusade has ended the American Cancer Society's fight is an ongoing, year-round effort in every American community. "Until we can bring cancer under control," she said, "there can be no letup in the Society's programs of research, education, and service."

Mrs. Landes, in behalf of Iota Pi and Alpha Alpha Theta Chapters, expressed her appreciation to the people of Keyser and Mineral County for their "heart-warming response to the Crusade," and offered her "gratitude to the hard-working, local volunteers whose effort made the Crusade successful."

Women Voters View Reapportionment

FROSTBURG — Miss Pauline Hobbs, instructor in the English Department at Frostburg State Teachers College, has been appointed resource chairman for redictricting and reapportionment by the Provisional League of Women Voters of Allegany County. Mt. Everest Climber On Tour Of U.S.

BERKELEY SPRINGS — Sir Edmund Hillary, famous New Zealand explorer who led the the Great Himalayas, visited here Monday.

With his wife, Lady Louise Hillary, and their three children, Peter 7, Sarah 5, and Belinda 3, the Hillarys were luncheon guests of Mr. and Mrs. Theodore C. Fearnow at their home on South Washington Street.

Fearnow is chief of the Division of Information and Education, U. S. Forest Service, Eastern Region.

Everest, the highest mountain in the world, towers to an elevation of more than 29,000 feet on the borders between Nepal and Tibet.

The ascent was first attempted in 1922 and many times thereafter. Success was denied to one expedition after another until Edmund Hillary reached the highest point on May 29, 1953.

The Hillarys plan to spend much of their time in National Forest campgrounds, which they believe are particularly suitable for family camping.

Later Monday afternoon the Hillarys left on the first leg of their camping trip,—with no mountain climbing scheduled.

A feature of their planned itinerary will be wilderness trips in the Ashley National Forest in Utah and the Deschutes National Forest in Oregon.

Sir Edmund has expressed keen interest in the recently announced program of President Kennedy to encourage foreign travel.

He said: "The National forests of this country offer outstanding recreation opportunities to our foreign visitors and provide an inexpensive way to see America."

Later in the season the Hillarys plan a trip to Alaska for two weeks of camping and fishing.

Student Council At Keyser High Has Election

Members Attend Annual Banquet

KEYSER — Christopher Franklin, unopposed candidate for president of the Student Council at Keyser High School, was officially named to the office Monday evening during the Council's annual banquet at the Moose Home. Miss Carolyn Carvey was presented as the new vice-president.

Announcement of the new officers was made by faculty advisor John Staggers following an election by the entire student body on the heels of a week-long campaign which was concluded with an assembly program in the school auditorium.

Franklin, a three-year veteran on the Council, is a son of Mr. and Mrs. John Franklin, 42 Maryland Street. He is a member of the track team, head trainer for the football team, junior high sportswriter, an accomplished pianist having studied at Potomac State College for several years, a member of the Hi-Y K-Club, National Honor Society, and Calvary Evangelical United Brethren Church where he is secretary of the youth group. He was recently selected as one of the delegates to Boys State to be held at Jackson's Mill in June.

Miss Carvey, daughter of Mr. and Mrs. Harold K. Carvey, 185 B Street, has been on the Student Council for four years, although still only a member of the Sophomore Class. She is a member of the K-Ettes, the Junior Classical League, the Presbyterian Church, and the Order of Rainbow for Girls in which she holds the office of recorder. In being named to the office she defeated Miss Vicki Folk, who resides with her uncle and aunt, Mr. and Mrs. Edgell Grayson, 456 South Main Street.

Franklin's nominating speech was given by Hugh Hollingsworth and seconded by Melody Brubaker. Miss Carvey's campaign director was Jean Swadley who was assisted by Helen Martina and Dinah Wells. Giving her nominating speech was Judy Taylor with Donald Harman giving the seconding address.

Miss Folk's campaign manager was Lowell Whipp. The nominating speech was given by Roger Shallis and the seconding by William Snyder.

Official change of school leadership will take place on Class Night when Franklin accepts the Student Council gavel from Miss Helen Michael, the current president.

Mineral County Cancer Crusade Is Completed

Total Expected To Top Last Year

KEYSER — The Mineral County Cancer Crusade came to a successful conclusion here Saturday night according to Mrs. Carol Landes, chairman, who said the success assures the local cancer control program will continue with new and increased strength.

Mrs. Landes said that preliminary reports from both the city and county indicate that this year's fund drive is certain to exceed the unit's goal. She viewed this as "a vote of public confidence in the fight against cancer."

She added: "The response to the ACS Crusade here and elsewhere in the U. S. shows that Americans everywhere want to put a speedy end to this disease which kills over 270,000 each year. It shows, too, that the Society's message of hope in the fight against cancer is hitting home."

Mrs. Landes said that more people in Keyser were reached with life-saving information about cancer than ever before. This is a tribute, she said, to the volunteers who conducted the educational and fund-raising drive.

Some 40 volunteers of the Iota Pi and Alpha Alpha Theta chapters of the Tau Phi Lambda Sorority, Supreme Forest Woodmen Circle and the Woodmen Circle Grove, were among more than two million cancer fighters across the nation. Local volunteers called on approximately 2,000 homes, to distribute vital cancer facts. "If people in these homes learn the facts about cancer and act on them, they would not be among the 87,000 Americans who will die of cancer this year because they saw their physicions too late," the chairman said.

She stressed that although the local Crusade has ended the American Cancer Society's fight is an ongoing, year-round effort in every American community. "Until we can bring cancer under control," she said, "there can be no letup in the Society's programs of research, education, and service."

Mrs. Landes, in behalf of Iota Pi and Alpha Alpha Theta Chapters, expressed her appreciation to the people of Keyser and Mineral County for their "heart-warming response to the Crusade," and offered her "gratitude to the hard-working, local volunteers whose effort made the Crusade successful."

Mt. Everest Climber On Tour Of U.S.

BERKELEY SPRINGS — Sir Edmund Hillary, famous New Zealand explorer who led the the Great Himalayas, visited here Monday.

With his wife, Lady Louise Hillary, and their three children, Peter 7, Sarah 5, and Belinda 3, the Hillarys were luncheon guests of Mr. and Mrs. Theodore C. Fearnow at their home on South Washington Street.

Fearnow is chief of the Division of Information and Education, U. S. Forest Service, Eastern Region.

Everest, the highest mountain in the world, towers to an elevation of more than 29,000 feet on the borders between Nepal and Tibet.

The ascent was first attempted in 1922 and many times thereafter. Success was denied to one expedition after another until Edmund Hillary reached the highest point on May 29, 1953.

The Hillarys plan to spend much of their time in National Forest campgrounds, which they believe are particularly suitable for family camping.

Later Monday afternoon the Hillarys left on the first leg of their camping trip,—with no mountain climbing scheduled.

A feature of their planned itinerary will be wilderness trips in the Ashley National Forest in Utah and the Deschutes National Forest in Oregon.

Sir Edmund has expressed keen interest in the recently announced program of President Kennedy to encourage foreign travel.

He said: "The National forests of this country offer outstanding recreation opportunities to our foreign visitors and provide an inexpensive way to see America."

Later in the season the Hillarys plan a trip to Alaska for two weeks of camping and fishing.

Do You Suffer From Sick, Throbbing Migraine Headaches?

New Medical Discovery Never Before Available Now Released To Public. No Prescription Needed.

Today, science has announced a doctor's new formula which has been especially developed to relieve both the throbbing pain and sickish feeling of migraine-type headaches. Tests conducted by a practicing New York physician showed that in patient after patient--pain-relief and comfort were obtained in *minutes*. And all without the use of narcotics, codeine or ergot remedies which may upset the stomach and so further aggravate the condition.

This remarkable new formula is called Duplexin®. It is the first headache discovery in the history of medicine with this exclusive formula, (a unique 2-layer pink and white tablet). It relieves *both* headache pain and a sick, upset stomach with this exclusive formula.

Here are the medical facts why Duplexin is safer, faster, more effective—why it's unlike the usual headache remedies. Only Duplexin unites powerful doctor-approved pain relievers with this special stomach-soothing antacid. In seconds, Duplexin does what no aspirin or buffered aspirin can ever do. It contains exclusive, hospital-tested medications not found in any alkalizer or seltzer. Duplexin's *white* layer concentrates on relieving pain faster. Throbbing pain relieved in minutes. Its *pink* layer relieves that sickish feeling and protects your stomach as it keeps on speeding relief.

Duplexin also calms nervous stress (which so often causes migraine) and helps relieve depression. Taken at the first sign of an attack, Duplexin actually helps prevent those migraine pains. Ask for Duplexin Tablets at any drugstore. Now available without prescription.

♣ A Q 10

The bidding:

North	East	South	West
Pass	1 ♠	5 ♦	Double
Pass	Pass	Pass	

Opening lead: Ace of ♠

The key to successful defense on a good many hands lies in the use of intelligent and discriminating signals. The request for a come-on or a shift, thoughtfully employed by the player not on lead, may serve to eliminate guesswork for his partner in a difficult situation. Observe how the defenders in today's hand could have profited from use of the suit preference signal.

The bidding was over almost before it started. Altho East stretched his high card values to the limit for the one spade bid, his call meets with our approval. It is seldom advisable to preëmpt with as much as an ace and a king in the side suits. South's leap to five diamonds is reasonable inasmuch as his distribution does not lend itself to a more orderly investigation. West's penalty double closed out the auction.

The opening lead was the ace of spades and when the king appeared in dummy East requested a shift by playing the deuce. Not wishing to lead away from the king of hearts, West returned the nine of clubs. Declarer put up the jack from dummy which held the trick. The club finesse was successfully repeated, trumps were drawn, and South ultimately conceded a heart to fulfill the doubled contract.

Had East made proper use of the lead directing convention, he could have made it clear beyond all doubt what his partner should play at trick two. On the ace of spades, East should have followed with the queen, not the deuce. The play of an unnecessarily high card which cannot logically be construed as a request for a continuation is a suit preference signal and asks partner to shift to the higher ranking of the two remaining plain suits. This would mean hearts in the present instance and a switch to that suit immediately would force declarer to ruff the second round in his hand and eliminate the possibility of his ever reaching dummy to take the club finesse.

No witnesses appeared, however and the hearing adjourned less than a half hour after it opened.

Another hearing is scheduled Wednesday in Cleveland.

Boone Running

Boone is running for re-election to the Maryland House of Delegates from Baltimore County aligned with the statewide ticket headed by Gov. Tawes and Brewster.

Lee said he also wanted to ask Brewster if he has not received any benefit "from the $11,000 or more in legal fees paid to the Brewster-Boone firm by the State Roads Commission?"

According to reports of the attorney general, Lee said this was nearly $3,000 more "than the commission paid to any of the 17 other Maryland legislators doing business with the commission.

"Is this priority due to the superior legal talent of the Brewster-Boone firm?" asked Lee. "Or is it due to their advantageous political positions as Tawes' running mate and the majority leader respectively?"

Lee next questioned Brewster's connections with land on Assateague Island to where the state is committed to build a bridge.

Lee quoted from a (Washington Star) newspaper article of 1952 that 600 acres were being offered for sale at $500.

Four years later, Lee continued, Brewster represented the Cecil Amusement Co. which claimed title to the land and offered to sell it to the state for a park for $500,000.

Brewster then was a member of the House of Delegates from Baltimore County. He has represented the 2nd District of Baltimore, Harford and Carroll counties in the U. S. House of Representatives for the past four years.

Lee claimed the Cecil Amusement Co. had been defunct for 30 years and was "rechartered by Brewster in 1956 at the precise time that hearings were being conducted before the Public Service Commission regarding the building of a bridge to Assateague Island."

Two years later, Lee contended, records show that Brewster loaned the company $10,000 and "Brewster said his law firm will receive 12½ per cent of the land sale proceeds as a legal fee." Lee figured that amounted to $65,000.

Meter Income Dips

Parking meter revenues for the week ending April 8 totaled $870.95, a decrease of $176.05 from the previous week.

Criminal Appeal Case Dismissed

A criminal appeal case scheduled for trial yesterday in Allegany County Circuit Court was dismissed by the defendant.

Do You Suffer From Sick, Throbbing Migraine Headaches?

New Medical Discovery Never Before Available Now Released To Public. No Prescription Needed.

Today, science has announced a doctor's new formula which has been especially developed to relieve both the throbbing pain and sickish feeling of migraine-type headaches. Tests conducted by a practicing New York physician showed that in patient after patient--pain-relief and comfort were obtained in *minutes*. And all without the use of narcotics, codeine or ergot remedies which may upset the stomach and so further aggravate the condition.

This remarkable new formula is called Duplexin®. It is the first headache discovery in the history of medicine with this exclusive formula, (a unique 2-layer pink and white tablet). It relieves *both* headache pain and a sick, upset stomach with this exclusive formula.

Here are the medical facts why Duplexin is safer, faster, more effective—why it's unlike the usual headache remedies. Only Duplexin unites powerful doctor-approved pain relievers with this special stomach-soothing antacid. In seconds, Duplexin does what no aspirin or buffered aspirin can ever do. It contains exclusive, hospital-tested medications not found in any alkalizer or seltzer. Duplexin's *white* layer concentrates on relieving pain faster. Throbbing pain relieved in minutes. Its *pink* layer relieves that sickish feeling and protects your stomach as it keeps on speeding relief.

Duplexin also calms nervous stress (which so often causes migraine) and helps relieve depression. Taken at the first sign of an attack, Duplexin actually helps prevent those migraine pains. Ask for Duplexin Tablets at any drugstore. Now available without prescription.

Seamen Refuse Trade With China

Sixteen British seamen, armed with little more than their duffel bags and their indignation, have said plainly and bluntly what the British government has never dared say.

The 16 officers and men walked off their British freighter in Sydney, Australia. The ship sailed with a replacement crew, bound for Communist China with a load of wheat.

The spokesman for the deserters said they did not want to take more supplies to Red ports. "We believe we were helping an effort which might be turned against us," he said.

The seamen were charged with desertion. They made no effort to avoid arrest. The spokesman said, "We are not criminals and we are not running away. Whatever happens we are not going back to Red China."

The men merely acted in support of widely-held opposition to trading with communist nations—opposition shared by the United States and by dissidents in Britain, though not by the British government.

In walking off their ship, the 16 were assuming responsibility for their actions. Responsibility is what separates a man from a cog, and too few exercise it. It is easier to say "The system works this way," or "What can I do about it?"

If the desertion trials are held, the prosecutor will have to defend the concept that the men had a duty to help supply goods to a nation sworn to destroy their own country. That concept will never stand public scrutiny.

These Days

By George E. Sokolsky

No Anti-Hoover Nonsense

I recently wrote an article denying that there was any plan in the Department of Justice to remove the Director of the FBI, J. Edgar Hoover. The reason for that article was to nip in the bud rumors spread by both the Left Wing and the Ultra-Right Wing that such a plan was in the making. Both sides have been taking advantage of the Attorney General's speeches. In my own account, I quoted from a press clipping which surprisingly left out pertinent sentences, the omission of which may have helped start the rumors.

The position of the Attorney General, Robert Kennedy, is this:

"The Communist Party has no political power in the United States and has no political following. The Communist Party has been rejected by the American people due to the work of the Federal Bureau of Investigation, Congressional committees and the press. So, from a political standpoint the Communist Party is not a threat."

However, there is a second paragraph which was over-condensed but which is very much more important:

> **"The Communist Party in the United States does represent a danger to the extent that it is dominated, controlled and financed by the Soviet Union. I have pointed out that it is possible for the 8,000 to 10,000 members of the Communist Party to aggravate a specific situation and, of course, I recognize that a minority sometimes, operating through a front organization, can wield influence and power out of proportion to its numerical strength. However, I have said that this is a matter for the FBI; that the FBI has done a superb job, and is continuing to operate effectively in this field. So, I believe that the way to deal with this problem is through the FBI and I also believe that Congressional committees and the press can be of great assistance."**

Surely, this is a correct position and it does give full credit to the magnificent services of the FBI under the directorship of J. Edgar Hoover and to the Congressional Committees on which the Attorney General cut his legal eye-teeth.

I am glad that I made inquiry as to the Attorney General's position because those who down-grade the services of J. Edgar Hoover are not helping the United States in its present crisis. Furthermore, those, on Left or Right, who for political reason or personal pique, are stirring up a whispering campaign about quarrels between Bobby Kennedy and J. Edgar Hoover, simply do not know what they are talking about.

It must be remembered that the FBI is a department in the Attorney General's office. It is not an independent agency. Hoover, who developed the FBI and has been its chief for 38 years, could have gone to Congress and requested another form of organization. He has served under Presidents Coolidge, Hoover, Roosevelt, Truman, Eisenhower and Kennedy, a rare record for a public official. Since he has headed the FBI, that agency has been untainted by scandal, although it has often been attacked by Communists and fellow-travellers. Why the Ultra-Right Wingers now seek to give the impression that a quarrel exists between Hoover and Kennedy is difficult to understand.

In the second year of President Kennedy's first term, he is beginning to discover that popularity takes its toll. Now the NAACP, the Negro defense organization, complains that he is "dragging his feet." Precisely how much more he can do to satisfy Negro aspirations in a short time, it is impossible to say. So "Newsweek" publishes a story that the Liberals have become "cool" to the Kennedy Administration. The A.D.A. apparently expected to take over. Joseph Rauh, the A.D.A. leader, is quoted to say, "Compared to the 'high hopes' we had, he's a bitter disappointment."

Of course, the businessmen are angry at the President for his attitude toward profits and they are angry at the Attorney General for his anti-trust activities. Walter Reuther says that the Administration's record "falls short of the goal." And Frank Sinatra throws a tantrum because the President does not stay at his house. The conservatives complain that the Attorney General does not jail Communists fast enough and Max Ascoli complains that the State Department depends too much on the United Nations.

Hey Ho! And a merry old world it is.

Red China's People's Congress Debates Compromise With Russia

By Drew Pearson

WASHINGTON — First whispers have leaked out of Peiping's blue-domed "Great Hall of the People." There more than 1,000 Chinese Communist delegates for two weeks have ben holding a secret, stormy session of the National People's Congress.

All foreigners, including the pro-Chinese Albanians, have been barred. The Russian Ambassador, who used to be a privileged guest at these meetings, this time was not invited.

Yet those with an ear close to the hierarchy report rumbles of a great debate over the Sino-Soviet split which has been rocking the hall. The issue is whether the Chinese should patch up their differences with the Russians.

Mae Tse-tung, No. 1 Chinese Communist, has been holding out for no compromise. His bland, Buddhalike countenance, it is said, almost cast a spell over the motley gathering with includes gowned men with wispy beards, women soldiers in drab blue uniforms, Mongolians tribesmen in bizarre native dress.

The reports are, however, that Mao has been losing ground to suave, persuasive Premier Chou En-Lai, who has pleaded for conciliation and has pointed out that the floundering Chinese economy no longer permits the luxury of an ideological feud with the Russians.

Siding with Mao, according to reports, were Liu Shao-Chi and Ten Hsiao-Ping, both powers in the party. On the other side, backing Chou has been Foreign Minister Chen Yi and Madame Chiang Kai-Shek's sister, the aging but still glamorous Madame Sun Yat-Sen, widow of the founder of the first Chinese Republic and mistress of a former American Army officer.

The Kremlin, clearly aware of the struggle going on inside the great hall, has also been bombarding the delegates from afar with conciliatory messages. These have come in the form of statements and speeches from top Soviet leaders, including Khrushchev himself.

Nothing in the messages, however, suggests that the Russians are ready to back down from their ideological stand on coexistence. They are willing to paper over the cracks in the Sino-Soviet Alliance with sweet words of comradeship, but not retreat from the 20-year plan which puts material progress and peace ahead of the Marxist doctrine of inevitable clash between the Communist-Capitalist worlds.

Chou's pleadings and the Kremlin's nudging reportedly have persuaded the majority to send a high-ranking delegation to Moscow to negotiate. Whether a face-saving reconciliation will come out of this will depend upon the concessions.

But the fact that a solution is sought at all is interpreted by diplomats as a blow to Mao's prestige. His quarrel with Khrushchev has been so bitter that a reconciliation, if it should come, may force Mao to step from active leadership into some honorary position.

Chairman Bailey Advises

John M. Bailey of Connecticut, Democratic National Chairman, has a short memory. A few weeks after the Presidential election in 1960, Democratic Congressman Frank Kowalski of Connecticut advised Bailey that he might run for the Senate in 1962.

"How do you feel about that, John?" inquired Kowalski, a former Army Colonel and West Point graduate. "Are you committed to anyone else?"

"Not at all, Frank," replied Bailey cheerfully. "It's a free country. Go ahead and line up your delegates to the Democratic State Convention."

But it's quite different now. Bailey has come out for Abraham Ribicoff, Secretary of Health, Education, and Welfare, and has been doing everything in his power to undermine Kowalski's delegate strength at the state convention next July 13-14.

Kowalski first got the word that Bailey's "free country" attitude had changed in a bristling exchange with the Democratic boss at a party function in Manchester, Conn., attended by 300 Democrats.

"Frank, you had better get the facts of life — you're not running for the Senate," Bailey declared in a loud voice.

While everyone gathered around to listen, Kowalski suggested: "John, this isn't the place to discuss something like that. Let's talk in your office."

Bailey Threatens

"This is a damned good place to talk about it," roared Bailey, his voice louder than before. "We'll settle it here and right now. You're a good Congressman, Frank, a mighty good Congressman, but that's where you're going to stay, in the House.

"I'll name the Senator," he bellowed, wagging a finger at Kowalski.

"Well, now, you yourself had getter get the facts of life," angrily shot back Kowalski. "I don't need this job. I'm not one of your lackeys. I'm a retired colonel."

"Fine, then we'll get someone else to run for your seat," shouted Bailey.

"The voters in Connecticut will have something to say about that," retorted Kowalski. "They'll also have a lot to say about this Senate race, in which you say you will name the Democratic nominee. If I get 20 per cent of the delegates at the convention, it will give me the right to run in an open primary.

"If that happens, John, I will win and you'll be a dead duck," continued Kowalski.

"That's what you thing," snorted Bailey. "We'll beat your ------. You'll find out."

"You won't beat me if the voters have a chance to decide the issue in a statewide primary," replied the popular Kowalski, who was elected Congressman-at-large in 1960 by the biggest vote of any Democrat in Connecticut history.

JFK's Steel Action Called 'Tragic Blunder'

By David Lawrence

WASHINGTON — There's only one way the American people now can be spared the economic distress which may eventually follow President Kennedy's tragic blunder of last week. For a recession that could conceivably become a deep depression is as certain as day follows night if Mr. Kennedy continues to allow wage increases and then terrorizes and coerce business when it seeks to cover its added costs with a rise in prices. Stability can be achieved now only by the enactment by Congress of a law to fix the standards of wage and price control and to entrust them to a commission to administer during the so-called emergency. This is an action that nobody likes, but which Mr. Kennedy has made inevitable.

For the American people will not long consent to leave in the hands of one man — even the President — the opportunity to raise or lower prices or wages without sanction of law. The talk of "victory" for the President now being heard in Capitol corridors from the leaders in a rubber-stamp Congress will be short-lived if the big problem of meeting labor costs remains much longer in the confused situation it is in today. For some companies it means a cut in profits and in tax payments to the government, as well as the passing up of dividends this year. Probably about 100,000 steelworkers will be idle in the next few months.

How many businessmen, moreover, who sell across the country will dare to raise prices if they live in fear of government reprisals? The President has been brainwashed by his advisers and now has led the public into believing that price increases are sinful or unpatriotic but that wage increases usually are justified.

Mr. Kennedy is a man who follows the advice given him that seems plausible even if it is one-sided. In the conference last Tuesday night which he held at the White House with Roger Blough, chairman of the U. S. Steel Corporation, the newspapers now report that Secretary of Labor Goldberg did much of the talking. Mr. Goldberg was formerly general counsel of the National Steelworkers Union, and he read the riot act to Mr. Blough. The President, of course, would never have ventured to appoint the general counsel of the U. S. Steel Corporation or of any other steel company to be Secretary of Commerce to advise him on the other side of labor questions. What becomes of the "conflict of interest" concept when the same man who helped negotiate for the steelworkers the very contract which prompted the decision last week to increase prices sits at the side of the President and advises him to take reprisals against the steel industry?

The demoralization of businessmen today is extensive. How can they do any long-range planning now?

Politically the President's tactics last week may boomerang. Wage increases in other industries will have hard sledding and the unions will be unhappy. Also, if the profit squeeze continues and more persons are thrown out of work, the current recession will not soon be ended and could get worse. The Democrats could, therefore, lose many seats in Congress next November.

The talk of prosecuting the steel companies is largely poppycock. If the steel companies violated the antitrust laws by following each other successively with announcements on price increases, didn't they, by the same theory, violate the antitrust laws by withdrawing their price-rise announcements one by one? Isn't price-holding then a form of price-fixing, too? There was no collusion in either case, but the government says concerted action amounts to the same thing. Yet labor unions fix wage costs in a whole industry by concerted action. Labor, however, contributed millions of dollars to help elect Mr. Kennedy and the Democratic Party. So the antitrust laws will not soon be amended to include national unions.

The fateful events of the last few days are best summed up by the Associated Press in a dispatch from Washington on Saturday which said:

"The arsenal of weapons the President wheeled into his all-out economic foray against the big business leaders was an awesome display of coldly determined political and economic power seldom if ever before employed by the government. Every major governmental department got into the act."

Is this democracy, or is it the forerunner of a quasi-fascist system? Is it a government under a written constitution, or is it a government by usurpation of legislative authority? Economic facts — unlike political maneuvers — do not depend on artificial "public relations." Business depends on confidence in the fairness of a government that operates under laws and rules which can be understood and are applied equally to all sides. Without such confidence there cannot be profits or prosperity or increased jobs. Without prosperity, treasury receipts from corporate taxes decline and the government's deficits pile up, thus pushing downward still further the purchasing power of the dollar. Loss of public confidence then leads to a psychology of inflation which breeds economic disaster.

CAPITAL FARMERS — There are some 249 farmers in the District of Columbia, according to the 1960 census, but nary a farm can be found within the confines of the nation's capital.

The situation arises out of the fact that the "farmers" live in Washington but journey to suburbia to till their acres. Much of the farming involves livestock, milk and tobacco.

Actually, the number of farmers resident in the capital has decreased by about 25 per cent since the last census. The Census Bureau carefully explains that the decrease can be accounted for by the growing metropolitan area which has forced farms to move farther from the population center. This in turn has discouraged some of the resident farmers who have quit their city homes and moved to their places of business.

Incidently, the 1960 census also listed 114 miners as residents of the capital. A few of these are accounted for by nearby gravel and quarry operations, but most represent large mining companies' local agents.

FARMER DIRKSEN — Speaking of farmers, one agrarian of note is Sen. Everett McKinley Dirksen, Illinois Republican, who is the Senate minority leader. Dirksen has a garden patch in the Washington suburbs to which he is extremely devoted — so much so that he vocally opposes Saturday Senate sessions on grounds that it interferes with his outdoors work.

Dirksen, who is up for re-election this year, was vocalizing to newsmen about his radishes, lettuce and onions, when one of the newshawks irreverently asked whether he used the same fertilizer for his farming and campaigning.

Unabashed, the Senate's unofficial poet laureate replied no, he only uses compost in his garden, without even an overlay of old Congressional Records.

HOLLYWOOD, Calif.—Nunnally Johnson once said that no man can become a motion picture producer unless he can walk under a bridge table with a high hat on. David Brown is the newest producer in Hollywood and he is about six feet of brain and fat. He could walk over a bridge table, if he had the energy.

When Mr. Brown and I get together, as we did in the Lanai Room of the Beverly Hills Hotel, the conversation is tongue-in-cheek because we go back a long way together. Once upon a time, I was executive editor of a magazine called Liberty; Dave was non-fiction editor. He did the work. I took the bows.

It is a testimonial to our sagacity as editors that we departed just as Liberty began to feel the chill of rigor mortis. The magazine was, as I recall, down to one advertisement—Harwood Whiskey. The bottle was printed all right, but the colored whiskey was half outside the glass. Allan Witwer, our picture editor, took one look and blessed himself.

"I don't know what I'm doing that for," he moaned. 'I'm not even Catholic."

Alan used to write motion pictures for Warner Brothers and he said the writers were usually fired at Christmas time. Al Jolson used to drive up to the writers building in a truck laden with Christmas baskets full of turkey and cranberries and nuts and fruit. Those about to die on the payroll got baskets.

Brown has been in Hollywood 10 years. He came here as assistant to Darryl Zanuck, which is like learning to swim by falling off the high board. However, Dave is as shrewd as a pawnbroker in an alcoholic neighborhood, so he learned the motion picture business, managed to please Zanuck, Buddy Adler and Spyros Skouras, and is now a producer without a picture to his name.

He has four stories in his briefcase—a comedy called Something's Got to Give; a C. S. Forester story called The Battle of Leyte Gulf; an original entitled Mamba Point, by Alfred Hayes; and The Chinese Room, a book by Vivian Connell.

Dave starts off at close to $100,000 a year, but I'm not sure that the ulcers are worth it. All producers must first convince the studio that a particular story should be filmed. This isn't easy because all studio heads have seen some glittering eagles turn into turkeys. Next, he must persuade a gifted director that this story is a worthy challenge for him; third, he must assure certain established movie stars that they need this story.

Having achieved all this, he then casts the picture from star to bit part. Next he runs up a tentative budget and does a little dying while adding; lastly, he must be a double agent, conspiring with the studio to earn a profit, and conspiring with the director and stars to spend a little more.

David Brown, at 45, is mature. His record shows that his biggest mistakes are behind him. He's had three wives. "This time," he said seriously, "I'm married. There's a difference." Liberty too is behind him and what profiteth a man if he gain the whole magazine and lose his immortal advertising? He has also learned not to work with reassuring characters like me.

We sat over coffee, and Brown began to show his adroit sense of humor." If you're a producer," he said, "never lose a small sum of money on a picture. Lose three million and people begin to pay attention to you. They're always afraid to can a producer with a string of failures because they figure he's due for a hit."

"What are the ground rules?" I said. He grinned. "Everything here is black or white. Success is white. Failure is black. If your most recent picture is good, your telephones are lit like Christmas trees. If it's a loser, no one phones. When you see your secretary talking you say: 'Who's on the phone?' and she says: 'Sorry, it's for me.' "

Sucess is custom fitted to Dave's shoulders. He's happy at home, and he's hapy in his work. His wife is Helen Gurley Brown and she has started to write books. Her first is called "Sex and the Single Girl," and it will be published next month. Not being a single girl, I will not buy it. He won't produce it. It sounds like a scorecard in a not-hit game.

I left the Lanai Room telling Dave that I would be watching for his first picture. I will see it at my neighborhood theatre and, when the credits come on and it says: "Produced by David Brown," I will break into applause and whistle through my teeth.

The usher will come down the aisle with his flashlight and I will spend the whole picture explaining why I went beserk . . .

Causes Of The Common 'Lump In The Throat'

By Dr. Theodore R. Van Dellen

Dear Dr. Van Dellen: My throat bothers me and I'm beginning to suspect cancer. It feels as though a lump is present but my physician cannot find it. The lump is most noticeable on weekends. Have you any idea what is wrong with me?"

You can forget about cancer because tumors are not week-end lesions. Globus hystericus is the commonest cause of a lump in the throat. This nervous disease usually is the result of anxiety. The sensation probably stems from tightness or spasm of the muscles surrounding the throat.

Another origin of this frequent complaint is a piece of food or other foreign body that has lodged in the throat. The individual knows that something he swallowed is stuck in the back of the throat and that the sensation will disappear when the object is removed.

The entrance to the throat is surrounded by soft, spongy lymphoid tissue, including the tonsils and adenoids. Swelling of this tissue may lead to the feeling of a lump in the throat. In other instances, the cause is a lingual tonsil at the back of the tongue, an elongated uvula, or a polyp on the back wall of the throat, which looks like a miniature punching bag and can be most annoying.

Other tumors develop in this area, including cancer of the throat. But all of these lesions are visible and are determined by thorough examination of the throat. A special mirror and light are required to see around the bend at the back of the throat.

An enlarged thyroid may feel like a lump in the throat when the gland encircles or presses upon the windpipe. The physician can detect this cause by feeling the thyroid or through an X-ray of the neck.

SPASM OF PYLORUS

W. H. writes: Is there a special test for a person with spasm of the pylorus?

REPLY

The ulcer type of diet is recommended usually, because it tends to rest the stomach and reduce acidity. The pylorus is the exit valve of the stomach. It is irritated by adverse conditions in the gastric pouch but more so by emotional disturbances, tension, and lack of sleep. Pylorospasm is common in ulcer victims and among those who overindulge in tobacco, alcohol, coffee, and tea.

ONE HIP HIGHER

L. B. writes: Is there an explanation and a cure for one hip looking higher than the other? Could this condition cause consistent backache on the side opposite the high hip?

REPLY

If X-rays of the hips show no abnormality, the condition can be remedied by building up the shoe on the short side. The pelvis and spine are tilted when one leg is shorter than the other. The ensuing strain is responsible for backache.

HEPATITIS

M. S. writes: If a person had blood transfusions six years ago, and did not develop hepatitis, is there any danger it will occur at this late date?

REPLY

Not from the transfusions. If this type of hepatitis (serum) is going to develop, it usually does so within 45 days to five months after getting blood transfusions. You need have no concern on this score.

Seamen Refuse Trade With China

Sixteen British seamen, armed with little more than their duffel bags and their indignation, have said plainly and bluntly what the British government has never dared say.

The 16 officers and men walked off their British freighter in Sydney, Australia. The ship sailed with a replacement crew, bound for Communist China with a load of wheat.

The spokesman for the deserters said they did not want to take more supplies to Red ports. "We believe we were helping an effort which might be turned against us," he said.

The seamen were charged with desertion. They made no effort to avoid arrest. The spokesman said, "We are not criminals and we are not running away. Whatever happens we are not going back to Red China."

The men merely acted in support of widely-held opposition to trading with communist nations—opposition shared by the United States and by dissidents in Britain, though not by the British government.

In walking off their ship, the 16 were assuming responsibility for their actions. Responsibility is what separates a man from a cog, and too few exercise it. It is easier to say "The system works this way," or "What can I do about it?"

If the desertion trials are held, the prosecutor will have to defend the concept that the men had a duty to help supply goods to a nation sworn to destroy their own country. That concept will never stand public scrutiny.

These Days

By George E. Sokolsky

No Anti-Hoover Nonsense

I recently wrote an article denying that there was any plan in the Department of Justice to remove the Director of the FBI, J. Edgar Hoover. The reason for that article was to nip in the bud rumors spread by both the Left Wing and the Ultra-Right Wing that such a plan was in the making. Both sides have been taking advantage of the Attorney General's speeches. In my own account, I quoted from a press clipping which surprisingly left out pertinent sentences, the omission of which may have helped start the rumors.

The position of the Attorney General, Robert Kennedy, is this:

"The Communist Party has no political power in the United States and has no political following. The Communist Party has been rejected by the American people due to the work of the Federal Bureau of Investigation, Congressional committees and the press. So, from a political standpoint the Communist Party is not a threat."

However, there is a second paragraph which was over-condensed but which is very much more important:

"The Communist Party in the United States does represent a danger to the extent that it is dominated, controlled and financed by the Soviet Union. I have pointed out that it is possible for the 8,000 to 10,000 members of the Communist Party to aggravate a specific situation and, of course, I recognize that a minority sometimes, operating through a front organization, can wield influence and power out of proportion to its numerical strength. However, I have said that this is a matter for the FBI; that the FBI has done a superb job, and is continuing to operate effectively in this field. So, I believe that the way to deal with this problem is through the FBI and I also believe that Congressional committees and the press can be of great assistance."

Surely, this is a correct position and it does give full credit to the magnificent services of the FBI under the directorship of J. Edgar Hoover and to the Congressional Committees on which the Attorney General cut his legal eye-teeth.

I am glad that I made inquiry as to the Attorney General's position because those who down-grade the services of J. Edgar Hoover are not helping the United States in its present crisis. Furthermore, those, on Left or Right, who for political reason or personal pique, are stirring up a whispering campaign about quarrels between Bobby Kennedy and J. Edgar Hoover, simply do not know what they are talking about.

It must be remembered that the FBI is a department in the Attorney General's office. It is not an independent agency. Hoover, who developed the FBI and has been its chief for 38 years, could have gone to Congress and requested another form of organization. He has served under Presidents Coolidge, Hoover, Roosevelt, Truman, Eisenhower and Kennedy, a rare record for a public official. Since he has headed the FBI, that agency has been untainted by scandal, although it has often been attacked by Communists and fellow-travellers. Why the Ultra-Right Wingers now seek to give the impression that a quarrel exists between Hoover and Kennedy is difficult to understand.

In the second year of President Kennedy's first term, he is beginning to discover that popularity takes its toll. Now the NAACP, the Negro defense organization, complains that he is "dragging his feet." Precisely how much more he can do to satisfy Negro aspirations in a short time, it is impossible to say. So "Newsweek" publishes a story that the Liberals have become "cool" to the Kennedy Administration. The A.D.A. apparently expected to take over. Joseph Rauh, the A.D.A. leader, is quoted to say, "Compared to the 'high hopes' we had, he's a bitter disappointment."

Of course, the businessmen are angry at the President for his attitude toward profits and they are angry at the Attorney General, for his anti-trust activities. Walter Reuther says that the Administration's record "falls short of the goal." And Frank Sinatra throws a tantrum because the President does not stay at his house. The conservatives complain that the Attorney General does not jail Communists fast enough and Max Ascoli complains that the State Department depends too much on the United Nations.

Hey Ho! And a merry old world it is.

Red China's People's Congress Debates Compromise With Russia

By Drew Pearson

WASHINGTON — First whispers have leaked out of Peiping's blue-domed "Great Hall of the People." There more than 1,000 Chinese Communist delegates for two weeks have ben holding a secret, stormy session of the National People's Congress.

All foreigners, including the pro-Chinese Albanians, have been barred. The Russian Ambassador, who used to be a privileged guest at these meetings, this time was not invited.

Yet those with an ear close to the hierarchy report rumbles of a great debate over the Sino-Soviet split which has been rocking the hall. The issue is whether the Chinese should patch up their differences with the Russians.

Mae Tse-tung, No. 1 Chinese Communist, has been holding out for no compromise. His bland, Buddhalike countenance, it is said, almost cast a spell over the motley gathering with includes gowned men with wispy beards, women soldiers in drab blue uniforms, Mongolians tribesmen in bizarre native dress.

The reports are, however, that Mao has been losing ground to suave, persuasive Premier Chou En-Lai, who has pleaded for conciliation and has pointed out that the floundering Chinese economy no longer permits the luxury of an ideological feud with the Russians.

Siding with Mao, according to reports, were Liu Shao-Chi and Ten Hsiao-Ping, both powers in the party. On the other side, backing Chou has been Foreign Minister Chen Yi and Madame Chiang Kai-Shek's sister, the aging but still glamorous Madame Sun Yat-Sen, widow of the founder of the first Chinese Republic and mistress of a former American Army officer.

The Kremlin, clearly aware of the struggle going on inside the great hall, has also been bombarding the delegates from afar with conciliatory messages. These have come in the form of statements and speeches from top Soviet leaders, including Khrushchev himself.

Nothing in the messages, however, suggests that the Russians are ready to back down from their ideological stand on coexistence. They are willing to paper over the cracks in the Sino-Soviet Alliance with sweet words of comradeship, but not retreat from the 20-year plan which puts material progress and peace ahead of the Marxist doctrine of inevitable clash between the Communist-Capitalist worlds.

Chou's pleadings and the Kremlin's nudging reportedly have persuaded the majority to send a high-ranking delegation to Moscow to negotiate. Whether a face-saving reconciliation will come out of this will depend upon the concessions.

But the fact that a solution is sought at all is interpreted by diplomats as a blow to Mao's prestige. His quarrel with Khrushchev has been so bitter that a reconciliation, if it should come, may force Mao to step from active leadership into some honorary position.

Chairman Bailey Advises

John M. Bailey of Connecticut, Democratic National Chairman, has a short memory. A few weeks after the Presidential election in 1960, Democratic Congressman Frank Kowalski of Connecticut advised Bailey that he might run for the Senate in 1962.

"How do you feel about that, John?" inquired Kowalski, a former Army Colonel and West Point graduate. "Are you committed to anyone else?"

"Not at all, Frank," replied Bailey cheerfully. "It's a free country. Go ahead and line up your delegates to the Democratic State Convention."

But it's quite different now. Bailey has come out for Abraham Ribicoff, Secretary of Health, Education, and Welfare, and has been doing everything in his power to undermine Kowalski's delegate strength at the state convention next July 13-14.

Kowalski first got the word that Bailey's "free country" attitude had changed in a bristling exchange with the Democratic boss at a party function in Manchester, Conn., attended by 300 Democrats.

"Frank, you had better get the facts of life — you're not running for the Senate," Bailey declared in a loud voice.

While everyone gathered around to listen, Kowalski suggested: "John, this isn't the place to discuss something like that. Let's talk in your office."

Bailey Threatens

"This is a damned good place to talk about it," roared Bailey, his voice louder than before. "We'll settle it here and right now. You're a good Congressman, Frank, a mighty good Congressman, but that's where you're going to stay, in the House.

"I'll name the Senator," he bellowed, wagging a finger at Kowalski.

"Well, now, you yourself had getter get the facts of life," angrily shot back Kowalski. "I don't need this job. I'm not one of your lackeys. I'm a retired colonel."

"Fine, then we'll get someone else to run for your seat," shouted Bailey.

"The voters in Connecticut will have something to say about that," retorted Kowalski. "They'll also have a lot to say about this Senate race, in which you say you will name the Democratic nominee. If I get 20 per cent of the delegates at the convention, it will give me the right to run in an open primary.

"If that happens, John, I will win and you'll be a dead duck," continued Kowalski.

"That's what you thing," snorted Bailey. "We'll beat your ------. You'll find out."

"You won't beat me if the voters have a chance to decide the issue in a statewide primary," replied the popular Kowalski, who was elected Congressman-at-large in 1960 by the biggest vote of any Democrat in Connecticut history.

HOLLYWOOD, Calif.—Nunnally Johnson once said that no man can become a motion picture producer unless he can walk under a bridge table with a high hat on. David Brown is the newest producer in Hollywood and he is about six feet of brain and fat. He could walk over a bridge table, if he had the energy.

When Mr. Brown and I get together, as we did in the Lanai Room of the Beverly Hills Hotel, the conversation is tongue-in-cheek because we go back a long way together. Once upon a time, I was executive editor of a magazine called Liberty; Dave was non-fiction editor. He did the work. I took the bows.

It is a testimonial to our sagacity as editors that we departed just as Liberty began to feel the chill of rigor mortis. The magazine was, as I recall, down to one advertisement—Harwood Whiskey. The bottle was printed all right, but the colored whiskey was half outside the glass. Allan Witwer, our picture editor, took one look and blessed himself.

"I don't know what I'm doing that for," he moaned. 'I'm not even Catholic."

Alan used to write motion pictures for Warner Brothers and he said the writers were usually fired at Christmas time. Al Jolson used to drive up to the writers building in a truck laden with Christmas baskets full of turkey and cranberries and nuts and fruit. Those about to die on the payroll got baskets.

Brown has been in Hollywood 10 years. He came here as assistant to Darryl Zanuck, which is like learning to swim by falling off the high board. However, Dave is as shrewd as a pawnbroker in an alcoholic neighborhood, so he learned the motion picture business, managed to please Zanuck, Buddy Adler and Spyros Skouras, and is now a producer without a picture to his name.

He has four stories in his briefcase—a comedy called Something's Got to Give; a C. S. Forester story called The Battle of Leyte Gulf; an original entitled Mamba Point, by Alfred Hayes; and The Chinese Room, a book by Vivian Connell.

Dave starts off at close to $100,000 a year, but I'm not sure that the ulcers are worth it. All producers must first convince the studio that a particular story should be filmed. This isn't easy because all studio heads have seen some glittering eagles turn into turkeys. Next, he must persuade a gifted director that this story is a worthy challenge for him; third, he must assure certain established movie stars that they need this story.

Having achieved all this, he then casts the picture from star to bit part. Next he runs up a tentative budget and does a little dying while adding; lastly, he must be a double agent, conspiring with the studio to earn a profit, and conspiring with the director and stars to spend a little more.

David Brown, at 45, is mature. His record shows that his biggest mistakes are behind him. He's had three wives. "This time," he said seriously, "I'm married. There's a difference." Liberty too is behind him and what profiteth a man if he gain the whole magazine and lose his immortal advertising? He has also learned not to work with reassuring characters like me.

We sat over coffee, and Brown began to show his adroit sense of humor." If you're a producer," he said, "never lose a small sum of money on a picture. Lose three million and people begin to pay attention to you. They're always afraid to can a producer with a string of failures because they figure he's due for a hit."

"What are the ground rules?" I said. He grinned. "Everything here is black or white. Success is white. Failure is black. If your most recent picture is good, your telephones are lit like Christmas trees. If it's a loser, no one phones. When you see your secretary talking you say: 'Who's on the phone?' and she says: 'Sorry, it's for me.' "

Sucess is custom fitted to Dave's shoulders. He's happy at home, and he's hapy in his work. His wife is Helen Gurley Brown and she has started to write books. Her first is called "Sex and the Single Girl," and it will be published next month. Not being a single girl, I will not buy it. He won't produce it. It sounds like a scorecard in a not-hit game.

I left the Lanai Room telling Dave that I would be watching for his first picture. I will see it at my neighborhood theatre and, when the credits come on and it says: "Produced by David Brown," I will break into applause and whistle through my teeth.

The usher will come down the aisle with his flashlight and I will spend the whole picture explaining why I went beserk . . .

Pirates Score Sixth Straight Win; Dodgers Stop San Francisco

Late Buc Rally Hands Cubs 7th Setback, 10-6

Haddix Is Victor In Relief; Leppert, Hoak Lead Attack

CHICAGO (AP)—The unbeaten National League-leading Pittsburgh Pirates rallied for six runs in the last two innings Tuesday in handing the winless Chicago Cubs their seventh successive defeat, 10-6.

It was the sixth straight triumph for the Pirates.

The Cubs used a major league record-matching five pitchers in a game-turning eighth inning in which three Pittsburgh runs erased a 6-4 Chicago lead.

Winner was lefty Harvey Haddix, fourth pitcher for the Pirates. Right-hander Tom Sturdivant started against the southpaw-jinxed Cubs. Haddix started the seventh with Pittsburgh trailing 5-4.

Haddix thus joined five other lefties who have scored victories over the Cubs.

Practices Scheduled

B'nai B'rith of the Hot Stove Baseball League has scheduled two practice sessions at 5:30 p. m. on Thursday at East Side Field and at 10 a. m. next Monday at Penn Avenue field.

One Hundred Attend Ricker Testimonial

They came from all walks of life on "Vic Ricker Night," to honor the man who gave Cumberland many topnotch boxing shows during his 30-year career as a promoter and matchmaker last night at the Cumberland Country Club.

Approximately 100 friends of Mr. Ricker, who has been shaving and cutting the hair of Cumberlanders nigh onto 45 years, heard his praise sung for giving this city the best in fistic entertainment longer than any other promoter.

Chief Judge Morgan C. Harris, a boxing fan for many years, acted as master of ceremonies and described Ricker as a "philosophical tonsorial artist" who staged boxing shows here from 1920 through 1949 and "gained the respect, affection and esteem of those who know him."

Christner Reminisces

The guest speaker was Meyer (K.O.) Christner, one-time heavyweight championship contender, who recalled the days he was a youngster, lived in the nighborhood of the old silk mill on Gay street, moved to Pennsylvania and thence to Ohio where he became an outstanding boxer at the age of 33. Kayo stated that he was born here and his dad was a railroader. At one time he had a chance to play baseball in the Texas League but rejected that offer to play for Goodyear. Christner also told of several amusing incidents when he played football with a team composed of deaf players.

When he returned to Cumberland to make his home, Kayo stated that "Vic" Ricker told him there was a bowling alley for sale on Virginia Avenue and advised him to purchase it. Christner lauded Ricker for the advice because he bought the place, enjoyed a prosperous business and sold it at a nice profit.

Clarence V. "Jiggs" Burns, sports editor of The Cumberland News, who introduced many of the fistic stars of bygone days who were present, praised Ricker for his long service to boxing and related incidents associated with "beak busting" from the days of the Roller Rink at Narrows Park up through the years.

Boxers Introduced

Among the boxers introduced were Fay Keiser, Henry (K. O.) Yutzy, Raymond "Buck" Griffith, Albert "Bobby" Green, Bobby Shrout, "Mushy" Saber, Austin Ward, Abby Eyler, Christ Charuhas and members of his stable, and Lester "Bus" Reed, now a member of the Maryland House of Delegates, who was accompanied by State Senator Charles M. See. Others introduced included William V. Keegan, Judge Raymond T. Farrell, of the Allegany County Orphans Court, Jesse Hopcraft, John J. "Bobby" Cavanaugh and Harry Nelson, who served as a boxing judge for many years.

Reed stated that it was a pleasure to pay a tribute to Mr. Ricker for his long career in the promotion of boxing, added that it was the biggest moment of his life when Ricker brought Jack Dempsey here to referee in one of his shows and wished Vic many years of success, health and happiness.

Members of the committee composed of Deneen, John Schaidt, George Young, Clifton Van Roby, J. Suter Kegg and C. V. Burns were lauded for helping make the affair a success.

The program was concluded with the presentation of a cash gift to Ricker by Chairman Deneen.

Sherry Saves Win For Don Drysdale, 8-7

Halts Willie Mays In Clutch; Giants Lose Second Game

SAN FRANCISCO (UPI) — Relief pitcher Larry Sherry fanned Willie Mays in a pinch-hitter role Tuesday while cutting off a rally in the seventh inning, then got the great center-fielder to pop up for the final out with a man aboard in the ninth while assuring the Los Angeles Dodgers an 8-7 win over the San Francisco Giants.

Sherry, the Dodgers' hurling hero of the 1959 World Series, came to the aid of Don Drysdale after Orlando Cepeda had clubbed a three-run double in the seventh that reduced the Los Angeles margin to 8-7.

Mathias Blanks Indians On Makowski's 1-Hitter

Circleville Bows 4-0; Moorefield And Romney Win

A two-out single by Roy Williams in the seventh inning spoiled righthander Al Makowski's bid for a no-hitter yesterday as Mathias High blanked Circleville High's Indians, 4-0, in a Potomac Valley Conference game at Mathias.

The ground-single to center was the only blow allowed by Makowski who walked four and whiffed 12 as he handed the Indians their first loss in the circuit.

Mathias put the game on ice in the second inning with three runs. Ed Mongold singled and stole second. Gary Strawderman was safe on an error and also stole second. Both scored on Jim Fogle's solid single to left. Makowski sacrificed Fogle to second where he came home on Rodney Sherman's single.

The win was the third in four games for Mathias' defending champions while Circleville is 1-1.

Keyser High's Tornado nine kept pace with Mathias, chalking up their third victory in four PVC starts with a come-from-behind 5-4 triumph over Petersburg High's Vikings at Keyser.

Keyser spotted Petersburg its four runs in the first inning then rallied to tie the score in the fifth before shoving over the winning tally in the bottom of the seventh.

Terry Turbin picked up the victory with a stellar two-hit relief job over the last six innings after Petersburg's four-run rally in the first decked starter Jim Slaughter.

Dave Taylor opened Keyser's seventh with a single. Gary Cooper singled Taylor to third and he scored moments later when the Petersburg shortstop muffed a ground ball by Tom Payne.

Steve Bruce's two-run homer was the big blow of Petersburg's first inning spurt. The loss was the second in a row for the Vikings in conference play.

Romney High's Pioneers evened their PVC mark at 2-2 by downing Capon Bridge (0-3) by a 6-1 score yesterday on the latter's field.

Freshmen John Fields and Russell Burgess were the big guns in the Romney win. Fields pitched a four-hitter while Burgess belted a three-run homer to spark the Pioneers' attack.

Capon Bridge scored its only run off Fields in the fourth on a triple by Phillip Spaid and Junior Crouse's sacrifice fly.

Mathias Whiffs 14

At Franklin, Moorefield's Yellowjackets opened their season with a 4-2 triumph over the Panthers as lefthander Johnny Mathias tossed a four-hitter and struck out 14.

An error, passed ball and singles by Dixie Eye and Bob Edwards accounted for Franklin's runs in the first but Moorefield came back to score the winning run on a balk by losing pitcher Junior Nesselrodt.

David Vance had three hits for Moorefield while Edwards obtained two for Franklin.

Hyndman Bows At Hopewell

Hyndman High's Hornets lost their second straight baseball game yesterday as Northern Bedford High blasted out a 16-4 triumph over the visitors at Hopewell.

Pirates Score Sixth Straight Win; Dodgers Stop San Francisco

Late Buc Rally Hands Cubs 7th Setback, 10-6

Haddix Is Victor In Relief; Leppert, Hoak Lead Attack

CHICAGO (AP)—The unbeaten National League-leading Pittsburgh Pirates rallied for six runs in the last two innings Tuesday in handing the winless Chicago Cubs their seventh successive defeat, 10-6.

It was the sixth straight triumph for the Pirates.

The Cubs used a major league record-matching five pitchers in a game-turning eighth inning in which three Pittsburgh runs erased a 6-4 Chicago lead.

Winner was lefty Harvey Haddix, fourth pitcher for the Pirates. Right-hander Tom Sturdivant started against the southpaw-jinxed Cubs. Haddix started the seventh with Pittsburgh trailing 5-4.

Haddix thus joined five other lefties who have scored victories over the Cubs.

Practices Scheduled

B'nai B'rith of the Hot Stove Baseball League has scheduled two practice sessions at 5:30 p. m. on Thursday at East Side Field and at 10 a. m. next Monday at Penn Avenue field.

One Hundred Attend Ricker Testimonial

They came from all walks of life on "Vic Ricker Night," to honor the man who gave Cumberland many topnotch boxing shows during his 30-year career as a promoter and matchmaker last night at the Cumberland Country Club.

Approximately 100 friends of Mr. Ricker, who has been shaving and cutting the hair of Cumberlanders nigh onto 45 years, heard his praise sung for giving this city the best in fistic entertainment longer than any other promoter.

Chief Judge Morgan C. Harris, a boxing fan for many years, acted as master of ceremonies and described Ricker as a "philosophical tonsorial artist" who staged boxing shows here from 1920 through 1949 and "gained the respect, affection and esteem of those who know him."

Christner Reminisces

The guest speaker was Meyer (K.O.) Christner, one-time heavyweight championship contender, who recalled the days he was a youngster, lived in the nighborhood of the old silk mill on Gay street, moved to Pennsylvania and thence to Ohio where he became an outstanding boxer at the age of 33. Kayo stated that he was born here and his dad was a railroader. At one time he had a chance to play baseball in the Texas League but rejected that offer to play for Goodyear. Christner also told of several amusing incidents when he played football with a team composed of deaf players.

When he returned to Cumberland to make his home, Kayo stated that "Vic" Ricker told him there was a bowling alley for sale on Virginia Avenue and advised him to purchase it. Christner lauded Ricker for the advice because he bought the place, enjoyed a prosperous business and sold it at a nice profit.

Clarence V. "Jiggs" Burns, sports editor of The Cumberland News, who introduced many of the fistic stars of bygone days who were present, praised Ricker for his long service to boxing and related incidents associated with "beak busting" from the days of the Roller Rink at Narrows Park up through the years.

Boxers Introduced

Among the boxers introduced were Fay Keiser, Henry (K. O.) Yutzy, Raymond "Buck" Griffith, Albert "Bobby" Green, Bobby Shrout, "Mushy" Saber, Austin Ward, Abby Eyler, Christ Charuhas and members of his stable, and Lester "Bus" Reed, now a member of the Maryland House of Delegates, who was accompanied by State Senator Charles M. See. Others introduced included William V. Keegan, Judge Raymond T. Farrell, of the Allegany County Orphans Court, Jesse Hopcraft, John J. "Bobby" Cavanaugh and Harry Nelson, who served as a boxing judge for many years.

Reed stated that it was a pleasure to pay a tribute to Mr. Ricker for his long career in the promotion of boxing, added that it was the biggest moment of his life when Ricker brought Jack Dempsey here to referee in one of his shows and wished Vic many years of success, health and happiness.

Members of the committee composed of Deneen, John Schaidt, George Young, Clifton Van Roby, J. Suter Kegg and C. V. Burns were lauded for helping make the affair a success.

The program was concluded with the presentation of a cash gift to Ricker by Chairman Deneen.

Sherry Saves Win For Don Drysdale, 8-7

Halts Willie Mays In Clutch; Giants Lose Second Game

SAN FRANCISCO (UPI) — Relief pitcher Larry Sherry fanned Willie Mays in a pinch-hitter role Tuesday while cutting off a rally in the seventh inning, then got the great center-fielder to pop up for the final out with a man aboard in the ninth while assuring the Los Angeles Dodgers an 8-7 win over the San Francisco Giants.

Sherry, the Dodgers' hurling hero of the 1959 World Series, came to the aid of Don Drysdale after Orlando Cepeda had clubbed a three-run double in the seventh that reduced the Los Angeles margin to 8-7.

Mathias Blanks Indians On Makowski's 1-Hitter

Circleville Bows 4-0; Moorefield And Romney Win

A two-out single by Roy Williams in the seventh inning spoiled righthander Al Makowski's bid for a no-hitter yesterday as Mathias High blanked Circleville High's Indians, 4-0, in a Potomac Valley Conference game at Mathias.

The ground-single to center was the only blow allowed by Makowski who walked four and whiffed 12 as he handed the Indians their first loss in the circuit.

Mathias put the game on ice in the second inning with three runs. Ed Mongold singled and stole second. Gary Strawderman was safe on an error and also stole second. Both scored on Jim Fogle's solid single to left. Makowski sacrificed Fogle to second where he came home on Rodney Sherman's single.

The win was the third in four games for Mathias' defending champions while Circleville is 1-1.

Keyser High's Tornado nine kept pace with Mathias, chalking up their third victory in four PVC starts with a come-from-behind 5-4 triumph over Petersburg High's Vikings at Keyser.

Keyser spotted Petersburg its four runs in the first inning then rallied to tie the score in the fifth before shoving over the winning tally in the bottom of the seventh.

Terry Turbin picked up the victory with a stellar two-hit relief job over the last six innings after Petersburg's four-run rally in the first decked starter Jim Slaughter.

Dave Taylor opened Keyser's seventh with a single. Gary Cooper singled Taylor to third and he scored moments later when the Petersburg shortstop muffed a ground ball by Tom Payne.

Steve Bruce's two-run homer was the big blow of Petersburg's first inning spurt. The loss was the second in a row for the Vikings in conference play.

Romney High's Pioneers evened their PVC mark at 2-2 by downing Capon Bridge (0-3) by a 6-1 score yesterday on the latter's field.

Freshmen John Fields and Russell Burgess were the big guns in the Romney win. Fields pitched a four-hitter while Burgess belted a three-run homer to spark the Pioneers' attack.

Capon Bridge scored its only run off Fields in the fourth on a triple by Phillip Spaid and Junior Crouse's sacrifice fly.

Mathias Whiffs 14

At Franklin, Moorefield's Yellowjackets opened their season with a 4-2 triumph over the Panthers as lefthander Johnny Mathias tossed a four-hitter and struck out 14.

An error, passed ball and singles by Dixie Eye and Bob Edwards accounted for Franklin's runs in the first but Moorefield came back to score the winning run on a balk by losing pitcher Junior Nesselrodt.

David Vance had three hits for Moorefield while Edwards obtained two for Franklin.

New York Yankees Capture Series Opener From Baltimore, 8-3

Cletis Boyer, Bill Skowron Pound Ball

Both Hit Homers, Bat In 5 Runs; Coates Winner

BALTIMORE (UPI) — Heavy hitting by Bill Skowron and Cletis Boyer paced the New York Yankees to an 8-3 victory over the Baltimore Orioles Tuesday night. Skowron's seventh - inning homer off relief pitcher Dick Hall broke a 3-3 tie and gave pitcher Jim Coates the win in relief of Whitey Ford.

Skowron, who also singled, drove in three runs. Boyer, with a home run and two doubles, batted in two and scored twice. The normally light-hitting Boyer now has 9 hits in 13 at-bats.

Coates took over for Ford in the sixth inning. Four Baltimore pitchers followed Oriole starter Skinny Brown to the mound.

Ashland Sweeps Potomac State Series, 8 To 6

Ohioans Hand Cats Third Straight Loss

Ashland, Ohio, College swept its two-game series with Potomac State's Catamounts, winning yesterday at Keyser, 8-6, after taking the opener on Monday.

Rich Rexroad, tagged for six running in four innings, suffered his second loss as Potomac State dropped its third straight decision and fifth in eight games.

A two-run double by Barney in the third inning sparked a three-run rally by Ashland which gave the visitors a 4-0 lead the Catamounts were never able to overcome.

Potomac State rallied in the eighth for four runs but it was not enough. Trailing 8-2 the Catamounts put together three walks, an error and singles by Hank Cleary and Larry Dickerson for the four runs.

Ashland's win gave the Eagles a 14-10 edge over Potomac State in their series which dates back to 1949.

Johnson and Murray each obtained two hits for the winners while Dickerson had a pair of singles for Potomac State. The lineups:

(So what else is new?)

Plenty. Not only is the Dauphine about $200 cheaper than it was a year ago; it's an even better car. To cite one improvement: a synchronized low gear lets you shift back into low without stopping, skip through traffic on the run.

Some other nice, new touches in the '62 Dauphine: Exteriors are dip-painted to get a protective coating into unreachable joints and crevices. The engine now runs even quieter because we've improved the piston design.

Or look at our 1962 Dauphine Deluxe. It's got all-new, all-vinyl interiors and more comfortable foam rubber seats. (You can call the front seats "bucket" if you like; they look just like what other people are calling bucket seats. The backs are adjustable to four positions.) Fancy new steering wheel, too.

But how are you going to improve things like: up to 40 mpg. gas economy, 4 doors for easy in and out, fancy Paris styling, a big 7 cu. ft. trunk. All this with a 12-month or 12,000 mile warranty. So you wonder, how can we make a car that's so good, and still sell it for $1395? That's for us to know and you to find out... soon, we hope. Come in today and drive your new Dauphine away.

New York Yankees Capture Series Opener From Baltimore, 8-3

Cletis Boyer, Bill Skowron Pound Ball

Both Hit Homers, Bat In 5 Runs; Coates Winner

BALTIMORE (UPI) — Heavy hitting by Bill Skowron and Cletis Boyer paced the New York Yankees to an 8-3 victory over the Baltimore Orioles Tuesday night. Skowron's seventh - inning homer off relief pitcher Dick Hall broke a 3-3 tie and gave pitcher Jim Coates the win in relief of Whitey Ford.

Skowron, who also singled, drove in three runs. Boyer, with a home run and two doubles, batted in two and scored twice. The normally light-hitting Boyer now has 9 hits in 13 at-bats.

Coates took over for Ford in the sixth inning. Four Baltimore pitchers followed Oriole starter Skinny Brown to the mound.

Ashland Sweeps Potomac State Series, 8 To 6

Ohioans Hand Cats Third Straight Loss

Ashland, Ohio, College swept its two-game series with Potomac State's Catamounts, winning yesterday at Keyser, 8-6, after taking the opener on Monday.

Rich Rexroad, tagged for six running in four innings, suffered his second loss as Potomac State dropped its third straight decision and fifth in eight games.

A two-run double by Barney in the third inning sparked a three-run rally by Ashland which gave the visitors a 4-0 lead the Catamounts were never able to overcome.

Potomac State rallied in the eighth for four runs but it was not enough. Trailing 8-2 the Catamounts put together three walks, an error and singles by Hank Cleary and Larry Dickerson for the four runs.

Ashland's win gave the Eagles a 14-10 edge over Potomac State in their series which dates back to 1949.

Johnson and Murray each obtained two hits for the winners while Dickerson had a pair of singles for Potomac State. The lineups:

$1395*

(So what else is new?)

Plenty. Not only is the Dauphine about $200 cheaper than it was a year ago; it's an even better car. To cite one improvement: a synchronized low gear lets you shift back into low without stopping, skip through traffic on the run.

Some other nice, new touches in the '62 Dauphine: Exteriors are dip-painted to get a protective coating into unreachable joints and crevices. The engine now runs even quieter because we've improved the piston design.

Or look at our 1962 Dauphine Deluxe. It's got all-new, all-vinyl interiors and more comfortable foam rubber seats. (You can call the front seats "bucket" if you like; they look just like what other people are calling bucket seats. The backs are adjustable to four positions.) Fancy new steering wheel, too.

But how are you going to improve things like: up to 40 mpg. gas economy, 4 doors for easy in and out, fancy Paris styling, a big 7 cu. ft. trunk. All this with a 12-month or 12,000 mile warranty. So you wonder, how can we make a car that's so good, and still sell it for $1395? That's for us to know and you to find out... soon, we hope. Come in today and drive your new Dauphine away.

Here is a car as big as a panel truck (but no blind spots). Here you have glass all the way around the car. You can load from the rear or walk in from the right side. You can carry 5 passengers plus a large cargo. This vehicle has been checked through the garage and is in A-1 condition. It is a beautiful two tone of brown and beige finish. It is a V-8 with automatic transmission and easy to handle in traffic. The equipment includes radio, heater, defroster, signal lights, outside mirror, plus the small accessories . . . A real bargain at only . . . .

Good Earnings Reports Spark Rally By Market

NEW YORK (UPI) — Stocks rallied smartly in the final hours Tuesday in response to a deluge of good earnings reports that included records for many of the nation's leading corporations.

Even some of the recently hard hit steels joined in the recovery with U.S. Steel up 1⅛; Bethlehem ½, and Lukens 1¼.

The Dow-Jones industrial average rose 4.37, marking only the sixth rise for this average in the last 23 sessions. Standard & Poor's 500 stock index climbed 0.30 and trading totaled 2,940,000 shares compared with 3,070,000 on Monday.

A total of 1,294 issues were traded of which 603 advanced and 423 declined. Of these 101 hit new 1962 lows and 24 new highs.

Featured blue chip gainers included Eastman Kodak up 2⅛, Union Carbide 1¼, Allied Chemical ¾, International Nickel 1, Owens-Illinois 1¼: Standard Oil of California 1½, and Woolworth 1.

The D-J rail average rose 0.96 reflecting a gain of a point in Atlantic Coast Line. Utilities rose 0.55 mirroring a gain of 1⅜ in Public Service Gas & Electric.

Chicago Grains

CHICAGO (UPI) —Wheat futures broke as much as 2 cents a bushel to lead most of the grain list downhill Tuesday on the Chicago Board of Trade.

Wheat closed off 1 to 2, corn off ¼ to ⅜, oats off ⅜ to ¾, rye off ⅛ ot up ¼, and soybeans off ⅛ to 1.

Dealers found nothing in the news to account for the sharp decline in wheat. Most attributed the break to an absence of commercial support at a time when some longs put wheat on the market.

The downturn quickly set off stop-loss orders, and prices displayed little inclination to rally. The May showed the most weakness. Southwest cash prices were firm. Turkey bought 390,000 bushels of hard wheat in the only export sale reported.

Corn prices rallied somewhat from early lows, but quotes remained under Monday's close. Commission houses sold July and other dealers sold due to the weakness in wheat. Receipts were large.

Oats weakened with other grains. Local dealers led the selling side.

Rye futures were firm for a time before settling back to a steady level.

May soybeans were firm early following Monday's sharp decline, but prices receded from initial levels. A processor bought May beans and sold July. Deferred contracts were easier.

Formosa reportedly purchased 200,000 bushels of corn for April-May shipment. Israel took 792,000 bushels of soybeans for May-June shipment.

Grains at outside markets were mostly lower.

Good Earnings Reports Spark Rally By Market

NEW YORK (UPI) — Stocks rallied smartly in the final hours Tuesday in response to a deluge of good earnings reports that included records for many of the nation's leading corporations.

Even some of the recently hard hit steels joined in the recovery with U.S. Steel up 1⅛; Bethlehem ½, and Lukens 1¼.

The Dow-Jones industrial average rose 4.37, marking only the sixth rise for this average in the last 23 sessions. Standard & Poor's 500 stock index climbed 0.30 and trading totaled 2,940,000 shares compared with 3,070,000 on Monday.

A total of 1,294 issues were traded of which 603 advanced and 423 declined. Of these 101 hit new 1962 lows and 24 new highs.

Featured blue chip gainers included Eastman Kodak up 2⅛, Union Carbide 1¼, Allied Chemical ¾, International Nickel 1, Owens-Illinois 1¼: Standard Oil of California 1½, and Woolworth 1.

The D-J rail average rose 0.96 reflecting a gain of a point in Atlantic Coast Line. Utilities rose 0.55 mirroring a gain of 1⅜ in Public Service Gas & Electric.

Chicago Grains

CHICAGO (UPI) —Wheat futures broke as much as 2 cents a bushel to lead most of the grain list downhill Tuesday on the Chicago Board of Trade.

Wheat closed off 1 to 2, corn off ¼ to ⅜, oats off ⅜ to ¾, rye off ⅛ ot up ¼, and soybeans off ⅛ to 1.

Dealers found nothing in the news to account for the sharp decline in wheat. Most attributed the break to an absence of commercial support at a time when some longs put wheat on the market.

The downturn quickly set off stop-loss orders, and prices displayed little inclination to rally. The May showed the most weakness. Southwest cash prices were firm. Turkey bought 390,000 bushels of hard wheat in the only export sale reported.

Corn prices rallied somewhat from early lows, but quotes remained under Monday's close. Commission houses sold July and other dealers sold due to the weakness in wheat. Receipts were large.

Oats weakened with other grains. Local dealers led the selling side.

Rye futures were firm for a time before settling back to a steady level.

May soybeans were firm early following Monday's sharp decline, but prices receded from initial levels. A processor bought May beans and sold July. Deferred contracts were easier.

Formosa reportedly purchased 200,000 bushels of corn for April-May shipment. Israel took 792,000 bushels of soybeans for May-June shipment.

Grains at outside markets were mostly lower.

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

THE FAMILY

We wish to express our sincere thanks and appreciation to all of our relatives, neighbors and friends who were so kind to us during the illness and following the death of Lawrence A. Hewitt. We especially wish to thank the Clergy, the pallbearers, those who sent Mass Cards and floral tributes and those who donated the use of their cars for the funeral. Our heartfelt thanks to all others who in any way assisted.

Victor Heisey Will Retire At Year's End

Two Others Will Conclude Service

Three veteran principals of the Allegany County public schools system are planning to retire, according to Ralph R. Webster, superintendent of public schools, who made the announcement at yesterday's meeting of the Board of Education.

They are Victor D. Heisey, principal of Fort Hill High School; Mrs. Elsie Hill Roland, Flintstone, and Miss Sara E. Wright, John Humbird School. Also scheduled to retire is Miss Mary T. Witt, librarian at Mt. Savage High School, he added.

Mr. Webster also informed the Board he plans to meet today with members of the LaVale Civic Improvement Association which is interested in having a junior high school located in the community.

Mr. Webster said it will be an "exploratory" meeting as no decision to locate a junior high school there has been made.

Mrs. Richard Winer, member of the board, yesterday read a report she compiled on the merit system for teachers.

About a year ago, J. Goodloe Jackson, president of the Board of Education, requested that Mrs. Winer make a complete study of the merit system and report back to the members.

It was decided the legislative committee of the Allegany County Teachers Association meet with the Board members on Thursday, May 3, at 3:15 p. m. to discuss the report.

It was also noted that consideration should be given to a reasonable salary scale for teachers.

Also discussed briefly by Mr. Webster was the status on sites for two proposed junior high schools in Cumberland and one in Frostburg; the Workmen's Compensation plan and the school budget which was recently approved by the county commissioners.

Spotlighting Acquittal Ends Trial

Six Oldtown Men Win On Appeal

Six Oldtown area men yesterday afternoon were found not guilty of spotlighting for deer in a criminal appeal case heard by a petit jury in Allegany County Circuit Court.

The jurors, who got the case about 2:30 p.m. were out only a few minutes before reaching their verdict. Associate Judge W. Earle Cobey presided at the trial which opened yesterday morning.

The appellants, Victor A. Livengood, Edward Nixon, Leo H. Keyser, George R. Nixon, Donald L. Carder and Franklin S. Crabtree, all of whom testified yesterday afternoon, were fined $100 and costs when the case was originally heard by Trial Magistrate Paul Barnett.

All six testified they had no firearms in the car in which they had been spotlighting the night of December 4, 1961. It is illegal to spotlight deer with a gun in possession at the time.

Among those who testified during the morning were Richard E. Bis, Robert E. Ballard, John R. Jarvis and Lorenzo D. Moore, all of the Hyattsville area.

Bis testified he and his companions came upon the six men on the night of December 4 during deer season and found them "spotlight hunting" deer. A scuffle ensued and when it appeared one of his companions was endangered, Bis said he loaded two shells into a .22 calibre pistol and fired into the ground.

Leo H. Keyser was struck by a bullet and required medical attention at a local hospital. Bis was fined $200 in Trial Magistrate's Court for assault in connection with the wounding of Keyser. He has not appealed the sentence.

During yesterday's trial, Edward Nixon testified that spotlighting is done in order to learn where deer are located so that hunters might go to that section the following day to make a kill.

The appellants were represented by Thomas N. Berry and Harold E. Naughton. The state's case was presented by Donald W. Mason, deputy state's attorney.

Foreman of the jury was Okey Michael of Westernport.

Minter Outlines Downtown Plan

Plans for a downtown shopping mall were outlined Monday by S. Russ Minter, local architect, at a meeting of the Downtown Cumberland Merchants Association.

A copy of the plan will be displayed in the windows of the Cumberland Chamber of Commerce office soon, so people can study details of the proposal developed by Mr. Winter several years ago.

It was pointed out that the development of a shopping mall on Baltimore Street would be contingent upon the adoption of a circular traffic pattern around the mall.

The association will discuss downtown improvements with the city's planner.

Gun Is Taken

The Detective Bureau of the Cumberland Police Department is investigating the theft of a 22-target pistol here. James F. Smith, 1123 Virginia Avenue, said the gun was taken from the glove compartment of his car.

Mixup Prevents TV Showing Of Lee Film

Termed Blast At Senate Rival

By The Associated Press

A scheduled telecast by Democratic senatorial aspirant Blair Lee III was not aired Tuesday night due to an apparent mix-up in the pre-taped film.

Instead, the Baltimore television station on which the Lee film was slated to appear showed a 15-minute film featuring Lee's running mate, George P. Mahoney. The Mahoney telecast was one which already had been aired several times in recent weeks.

A spokesman for the television station (WJZ-TV) said the films somehow had gotten mixed up.

Mahoney headquarters said the Lee film would be shown at the earliest possible time.

A press release summarizing the Lee telecast described the film as an attack on Daniel B. Brewster, who is running for the Democratic nomination to the U.S. Senate on a ticket headed by Gov. Tawes.

In the press release, Lee raised questions about Brewster's connection with Security Financial Insurance Corporation, his legal fees from the Maryland State Roads Commission and Assateague Island land offer for sale.

"The question I present to you is not one of the legality of my opponent's actions," the release quoted Lee as saying, "Rather, I ask you . . . to weigh the issue of how far a public servant may go in advancing his own financial interests even where it is not in open conflict with the law.

"The issue in this campaign . . . is a moral one."

Tawes Appears

Gov. Tawes appeared on the same television screens following the Mahoney telecast in a repeat of a film advertised as setting "the record straight" in response to attacks by Mahoney in their contest for the governor's nomination.

One of the other Democratic candidates for U. S. senator, Elbert Byrd, spoke of conflicts of interest "which make it almost impossible that the welfare of the nation is put first and private interests second."

Byrd earlier had challenged Brewster to publish a sworn statement that he did not receive any of the fees paid to his firm by Security Financial.

Byrd promised in an afternoon talk to the Young Democratic Club of Johns Hopkins University that if he were senator he would furnish "a meticulous accounting of all my finances, public and private, including an annual certified statement of net worth."

Lee recalled that Security Financial was "organized by A. Gordon Boone, the hand-picked majority leader of Gov. Tawes, and law partner of my opponent, Brewster.

"This is the firm for which charter application was made on the stationery of the Brewster-Boone law partnership. SFIC paid the Brewster-Boone law firm more than $51,000 in legal fees during the first 16 months of its operation — more than the insurance company itself earned during that period. And more than $16,000 in legal fees were paid to the Brew-

Urban Renewal Agency Urged By Planners.

Commission To Ask Action By City

The first step toward the creation of an urban renewal program for the City of Cumberland was taken at a meeting in City Hall last night.

The Municipal Planning and Zoning Commission recommended to the Mayor and Council that an urban renewal agency be created to plan and administer the program.

The motion by Albert S. Paye, commission chairman, also provided that the ordinance creating the agency be prepared by the City of Cumberland in cooperation with Blair and Stein Associates, the city's planner, as a representative of the Planning Commission.

Recommendations for individuals who would comprise the agency will be submitted at a later date, the commission said.

Is First Step

The appointment of such an agency is the first step toward a renewal project. The agency would assume the responsibility of preparing a Workable Program for Community Improvement, and would administer subseqent urban renewal activities allowed under legislation which allows Maryland cities to engage in such work.

The preparation of a Workable Program is included in the 22-month planning study which began here recently.

There was agreement that an agency, rather than the Mayor and Council, should direct any urban renewal project.

It was also stressed by all that only top notch personnel should be selected for the unit.

Representatives of Blair and Stein Associates reported on progress made to date on the Cumberland planning project.

George T. Marcou, who heads the study here, outlined the elements of the Workable Program for the elimination of blighted areas, which is needed before a city can apply for federal urban renewal assistance.

Notes Progress

A number of the requirements have already been completed, he said, including the adoption of a building code, housing code, establishment of a planning commission, a schedule for the completion of planning work and setting up of funds for the planning program.

Other phases are in progress, including a land use, thoroughfare, community facilities, public improvements plans, subdivision regulations and recommendations for urban renewal plans.

The city's zoning ordinance must be revised during the planning work.

Land use and building condition maps, which are nearing completion, will indicate the areas of the city which might qualify for urban renewal.

The condition of buildings is indicated by a color code, ranging from red for bad to yellow for good.

Such maps, John R. Joyner, resident planner said, can point out areas where renewal projects are needed.

Mr. Joyner, the commission was told, is well along on a series of interviews with industrial leaders which has already proved valuable on attitudes and opinions.

Statistical information needed for the planning study is beginning to build up, he added.

Doyle Would Set Aside S&L Issue

BETHESDA, Md. (AP) — Edward J. Doyle, a Democratic candidate for Congress from the 6th District, urged all aspirants Tuesday "to set aside temporarily the issue of savings and loan scandals."

Doyle issued a statement saying "There is little doubt that thousands of our citizens have suffered from this unfortunate incident and that adequate attention must be given to the problem to prevent such impairments to family security in the future.

"However, the problems of labor, the farmer, health, education, welfare, individual freedom and Maryland's role in national and international relations are of such significance that we cannot, we must not ignore them as we have during this campaign."

Doyle is one of five candidates seeking the Democratic nomination in the district comprising Montgomery, Frederick, Washington, Allegany and Garrett counties.

Mr. Webster said it will be an "exploratory" meeting as no decision to locate a junior high school there has been made.

Mrs. Richard Winer, member of the board, yesterday read a report she compiled on the merit system for teachers.

About a year ago, J. Goodloe Jackson, president of the Board of Education, requested that Mrs. Winer make a complete study of the merit system and report back to the members.

It was also noted that consideration should be given to a reasonable salary scale for teachers.

Car Strikes Small Child At Piedmont

Lonnie Donnelly, four-year-old son of Mr. and Mrs. Thomas A. Donnelly of Paxton Street, Piedmont, is a patient in Potomac Valley Hospital, Keyser, after having been struck by an auto near his home.

The child, according to police, attempted to cross a street at the corner of Ashfield and Third streets, and stepped off a curb in front of a moving auto. The car was driven by Warren K. Gay, 31, a driver for G. W. Kidwell of the Kidwell Auto Parts Company of Parsons, W. Va., owner of the vehicle.

Charles Spiker, chief of police of Piedmont, investigated and had the child taken to the hospital in an ambulance.

At the hospital it was reported the youngster sustained severe and multiple bruises, a fractured right leg and was under observation for possible internal injuries.

He said the payments may be made at no cost to subscribers and that local payments will be a considerable convenience for most.

In the past, non-group members had to send payments directly to Baltimore—at a cost of 44 cents if a money order was used.

Christ's Passion will be observed from noon until 3 p.m. Good Friday. Father Cox will preach on the seven words spoken from the Cross. Those unable to stay for the full three hours are requested to leave during the singing of hymns.

On Easter Eve at 4 p.m., the Holy Saturday rites will be read. Striking of New Fire, lighting of the Pascal Candle, evensong and the Sacrament of Holy Baptism will be administered.

Spotlighting Acquittal Ends Trial

Six Oldtown Men Win On Appeal

Six Oldtown area men yesterday afternoon were found not guilty of spotlighting for deer in a criminal appeal case heard by a petit jury in Allegany County Circuit Court.

The jurors, who got the case about 2:30 p.m. were out only a few minutes before reaching their verdict. Associate Judge W. Earle Cobey presided at the trial which opened yesterday morning.

The appellants, Victor A. Livengood, Edward Nixon, Leo H. Keyser, George R. Nixon, Donald L. Carder and Frankiin S. Crabtree, all of whom testified yesterday afternoon, were fined $100 and costs when the case was originally heard by Trial Magistrate Paul Barnett.

All six testified they had no firearms in the car in which they had been spotlighting the night of December 4, 1961. It is illegal to spotlight deer with a gun in possession at the time.

Among those who testified during the morning were Richard E. Bis, Robert E. Ballard, John R. Jarvis and Lorenzo D. Moore, all of the Hyattsville area.

Bis testified he and his companions came upon the six men on the night of December 4 during deer season and found them "spotlight hunting" deer. A scuffle ensued and when it appeared one of his companions was endangered, Bis said he loaded two shells into a .22 calibre pistol and fired into the ground.

Leo H. Keyser was struck by a bullet and required medical attention at a local hospital. Bis was fined $200 in Trial Magistrate's Court for assault in connection with the wounding of Keyser. He has not appealed the sentence.

During yesterday's trial, Edward Nixon testified that spotlighting is done in order to learn where deer are located so that hunters might go to that section the following day to make a kill.

The appellants were represented by Thomas N. Berry and Harold E. Naughton. The state's case was presented by Donald W. Mason, deputy state's attorney.

Foreman of the jury was Okey Michael of Westernport.

Minter Outlines Downtown Plan

Plans for a downtown shopping mall were outlined Monday by S. Russ Minter, local architect, at a meeting of the Downtown Cumberland Merchants Association.

A copy of the plan will be displayed in the windows of the Cumberland Chamber of Commerce office soon, so people can study details of the proposal developed by Mr. Winter several years ago.

It was pointed out that the development of a shopping mall on Baltimore Street would be contingent upon the adoption of a circular traffic pattern around the mall.

The association will discuss downtown improvements with the city's planner.

Gun Is Taken

The Detective Bureau of the Cumberland Police Department is investigating the theft of a 22-target pistol here. James F. Smith, 1123 Virginia Avenue, said the gun was taken from the glove compartment of his car.

Mixup Prevents TV Showing Of Lee Film

Termed Blast At Senate Rival

By The Associated Press

A scheduled telecast by Democratic senatorial aspirant Blair Lee III was not aired Tuesday night due to an apparent mix-up in the pre-taped film.

Instead, the Baltimore television station on which the Lee film was slated to appear showed a 15-minute film featuring Lee's running mate, George P. Mahoney. The Mahoney telecast was one which already had been aired several times in recent weeks.

A spokesman for the television station (WJZ-TV) said the films somehow had gotten mixed up.

Mahoney headquarters said the Lee film would be shown at the earliest possible time.

A press release summarizing the Lee telecast described the film as an attack on Daniel B. Brewster, who is running for the Democratic nomination to the U.S. Senate on a ticket headed by Gov. Tawes.

In the press release, Lee raised questions about Brewster's connection with Security Financial Insurance Corporation, his legal fees from the Maryland State Roads Commission and Assateague Island land offer for sale.

"The question I present to you is not one of the legality of my opponent's actions," the release quoted Lee as saying, "Rather, I ask you . . . to weigh the issue of how far a public servant may go in advancing his own financial interests even where it is not in open conflict with the law.

"The issue in this campaign . . . is a moral one."

Tawes Appears

Gov. Tawes appeared on the same television screens following the Mahoney telecast in a repeat of a film advertised as setting "the record straight" in response to attacks by Mahoney in their contest for the governor's nomination.

One of the other Democratic candidates for U. S. senator, Elbert Byrd, spoke of conflicts of interest "which make it almost impossible that the welfare of the nation is put first and private interests second."

Byrd earlier had challenged Brewster to publish a sworn statement that he did not receive any of the fees paid to his firm by Security Financial.

Byrd promised in an afternoon talk to the Young Democratic Club of Johns Hopkins University that if he were senator he would furnish "a meticulous accounting of all my finances, public and private, including an annual certified statement of net worth."

Lee recalled that Security Financial was "organized by A. Gordon Boone, the hand-picked majority leader of Gov. Tawes, and law partner of my opponent, Brewster.

"This is the firm for which charter application was made on the stationery of the Brewster-Boone law partnership. SFIC paid the Brewster-Boone law firm more than $51,000 in legal fees during the first 16 months of its operation — more than the insurance company itself earned during that period. And more than $16,000 in legal fees were paid to the Brew-

Urban Renewal Agency Urged By Planners

Commission To Ask Action By City

The first step toward the creation of an urban renewal program for the City of Cumberland was taken at a meeting in City Hall last night.

The Municipal Planning and Zoning Commission recommended to the Mayor and Council that an urban renewal agency be created to plan and administer the program.

The motion by Albert S. Paye, commission chairman, also provided that the ordinance creating the agency be prepared by the City of Cumberland in cooperation with Blair and Stein Associates, the city's planner, as a representative of the Planning Commission.

Recommendations for individuals who would comprise the agency will be submitted at a later date, the commission said.

Is First Step

The appointment of such an agency is the first step toward a renewal project. The agency would assume the responsibility of preparing a Workable Program for Community Improvement, and would administer subseqent urban renewal activities allowed under legislation which allows Maryland cities to engage in such work.

The preparation of a Workable Program is included in the 22-month planning study which began here recently.

There was agreement that an agency, rather than the Mayor and Council, should direct any urban renewal project.

It was also stressed by all that only top notch personnel should be selected for the unit.

Representatives of Blair and Stein Associates reported on progress made to date on the Cumberland planning project.

George T. Marcou, who heads the study here, outlined the elements of the Workable Program for the elimination of blighted areas, which is needed before a city can apply for federal urban renewal assistance.

Notes Progress

A number of the requirements have already been completed, he said, including the adoption of a building code, housing code, establishment of a planning commission, a schedule for the completion of planning work and setting up of funds for the planning program.

Other phases are in progress, including a land use, thoroughfare, community facilities, public improvements plans, subdivision regulations and recommendations for urban renewal plans.

The city's zoning ordinance must be revised during the planning work.

Land use and building condition maps, which are nearing completion, will indicate the areas of the city which might qualify for urban renewal.

The condition of buildings is indicated by a color code, ranging from red for bad to yellow for good.

Such maps, John R. Joyner, resident planner said, can point out areas where renewal projects are needed.

Mr. Joyner, the commission was told, is well along on a series of interviews with industrial leaders which has already proved valuable on attitudes and opinions.

Statistical information needed for the planning study is beginning to build up, he added.

Doyle Would Set Aside S&L Issue

BETHESDA, Md. (AP) — Edward J. Doyle, a Democratic candidate for Congress from the 6th District, urged all aspirants Tuesday "to set aside temporarily the issue of savings and loan scandals."

Doyle issued a statement saying "There is little doubt that thousands of our citizens have suffered from this unfortunate incident and that adequate attention must be given to the problem to prevent such impairments to family security in the future.

"However, the problems of labor, the farmer, health, education, welfare, individual freedom and Maryland's role in national and international relations are of such significance that we cannot, we must not ignore them as we have during this campaign."

Doyle is one of five candidates seeking the Democratic nomination in the district comprising Montgomery, Frederick, Washington, Allegany and Garrett counties.
